A

Abdominal computed tomography
The value of pancreatoscopy in patients with mucinous ductal ectasia *315 (cas)*
Abdominal interventional radiology; MRI-guided
Magnetic resonance imaging-guided abdominal interventional radiology: Laser-induced thermotherapy of liver metastases *577 (or)*
Abdominal survey helical CT
Helical computed tomography of the liver: Techniques, applications and pitfalls *515 (or)*
Achalasia
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Acid peptic disease
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Actinomycosis; esophageal
Esophageal actinomycosis: A case report *133 (cas)*
Adenocarcinoma; anal
Endosonographic detection of a mucinous adenocarcinoma in an anal fistula *335 (cas)*
Adenocarcinoma; colorectal
Small colorectal serrated adenomas: Endoscopic findings *1 (or)*
Adenocarcinoma; gastric
Simultaneous adenocarcinoma and malignant lymphoma of the stomach *134 (cas)*
Adrenal glands; detection by ultrasonography
Detection of the adrenal glands by endoscopic or transabdominal ultrasound *859 (or)*
Adrenal hyperplasia; bilateral
Laparoscopic adrenalectomy: History, indications, and current techniques for a minimally invasive approach to adrenal pathology *309 (or)*
Adrenal tumor
Laparoscopic adrenalectomy: History, indications, and current techniques for a minimally invasive approach to adrenal pathology *309 (or)*
Adrenalectomy; laparoscopic
Laparoscopic adrenalectomy: History, indications, and current techniques for a minimally invasive approach to adrenal pathology *309 (or)*
Aerobilia
Ultrasound-guided emergency endoscopic retrograde biliary drainage without radiography *232 (cas)*
Afferent loop; partial obstruction
Extracorporeal bypassing of a partial obstruction of the afferent loop by percutaneous endoscopic jejunostomy and gastrostomy *142 (cas)*
AIDS
Cryptosporidiosis in the stomach of patients with acquired immunodeficiency syndrome *45 (S/cas)*
Extracorporeal bypassing of a partial obstruction of the afferent loop by percutaneous endoscopic jejunostomy and gastrostomy *142 (cas)*
AIDS; cytomegalovirus esophagitis
Bronchoesophageal fistula as a complication of cytomegalovirus esophagitis in AIDS *28 (S/cas)*
Aminoglycosides
Antibiotic prophylaxis in gastrointestinal endoscopy: A report by a working party for the British Society of Gastroenterology Endoscopy Committee. Written and approved by the British Society of Gastroenterology (September 1996) *114 (guid)*
Ampicillin
Antibiotic prophylaxis in gastrointestinal endoscopy: A report by a working party for the British Society of Gastroenterology Endoscopy Committee. Written and approved by the British Society of Gastroenterology (September 1996) *114 (guid)*
Ampullary adenoma
Endoscopic snare papillectomy in patients with familial adenomatous polyposis and ampullary adenoma *685 (cas)*
Ampullary tumor
Diagnostic strategies for extrahepatic cholestasis of indefinite origin: Endoscopic ultrasonography or retrograde cholangiography? Results of a prospective study *349 (or)*
Magnetic resonance cholangiopancreatography *472 (or)*
Amyloidosis
Endoscopic diagnosis of small intestinal amyloidosis *57 (S/cas)*
Anal fistula; coexisting adenocarcinoma
Endosonographic detection of a mucinous adenocarcinoma in an anal fistula *335 (cas)*
Anatomical malformation
A prospective evaluation of the diagnostic work-up before laparoscopic cholecystectomy *602 (or)*
Anorectal angle; measurement
Dynamic rectal examination: Its significant clinical value *462 (or)*
Anorectal disorder
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Anorectal melanoma
Endoscopic appearance of primary anorectal melanoma *230 (cas)*
Antibiotic prophylaxis in gastrointestinal endoscopy
Antibiotic prophylaxis in gastrointestinal endoscopy: A report by a working party for the British Society of Gastroenterology Endoscopy Committee. Written and approved by the British Society of Gastroenterology (September 1996) *114 (guid)*
Anti-Helicobacter-pylori immunglobulin
Implications of Helicobacter pylori serological titer for the histological severity of antral gastritis *27 (or)*
Antireflux surgery; laparoscopic
Current status and trends in laparoscopic antireflux surgery: Results of a consensus meeting *298 (or)*
Antral gastritis
Implications of Helicobacter pylori serological titer for the histological severity of antral gastritis *27 (or)*
Aortic dissection
A rare case of gastrointestinal hemorrhage: Aortoesophageal fistula following repair of aortic dissection *137 (cas)*
Aortoesophageal fistula
Aortoesophageal fistula of unusual location *138 (cas)*
Massive hemorrhage caused by a perforating Gianturco-Z stent resulting in an aortoesophageal fistula *416 (ces)*
A rare case of gastrointestinal hemorrhage: Aortoesophageal fistula following repair of aortic dissection *137 (cas)*
Argon plasma coagulation
Argon plasma coagulation (APC): Ballyhoo or breakthrough? *196 (ed)*
Argon plasma coagulation in flexible gastrointestinal endoscopy: Pilot experiences *176 (or)*
Argon plasma coagulation; endoscopic
Treatment of Barrett's esophagus by endoscopic argon plasma coagulation *751 (cas)*
Argon plasma coagulation; principle
Argon plasma coagulation (APC): Ballyhoo or breakthrough? *196 (ed)*
Argon-beam coagulation
Unusual rectal foreign body: Treatment using argon-beam coagulation *230 (cas)*
Arterial oxygen saturation
Arterial oxygen desaturation following sedated endoscopic examination *689 (lett)*
Ascariasis; biliary
Biliary ascariasis and cholelithiasis *56 (S/cas)*
Ascaris migration into the pancreatic duct
Acute pancreatitis due to pancreatic duct ascaris migration after pancreatic sphincterotomy and pancreatic stent placement *53 (S/cas)*

ASGE criteria for gastrointestinal endoscopy
Comment on Gonvers, „Appropriateness and diagnostic yield of upper gastrointestinal endoscopy" *430 (lett)*
Response to comments by Minoli and Prada *431 (lett)*
Aspiration lumpectomy
Endoscopic resection of rectal carcinoid tumors using aspiration lumpectomy *34 (shC)*
Atkinson's esophageal prosthesis
Stent-in-tube: Self-expanding metal stent in the management of a partially eroded Atkinson's oesophageal prosthesis *25 (S/cas)*
Autoimmune pancreatitis
Pancreatic carcinoma: Applications for helical computed tomography *539 (or)*
Automated biopsy device
Endosonography-guided fine-needle biopsy of indurated pancreatic lesions using an automated biopsy device *384 (shC)*
Automatic washer disinfector
Automatic washer disinfector for flexible endoscopes: A new evaluation process *372 (or)*
Azygos vein; endoscopic ultrasonography
Endoscopic ultrasonographic study of the azygos vein in patients with varices *748 (shC)*

B

Bacteraemia
Antibiotic prophylaxis in gastrointestinal endoscopy: A report by a working party for the British Society of Gastroenterology Endoscopy Committee. Written and approved by the British Society of Gastroenterology (September 1996) *114 (guid)*
Balloon dilation
Postoperative ischemic jejunal stenosis treated with balloon catheter dilation and wallstent implantation *409 (cas)*
Balloon dilatation; colorectal stricture
Endoscopic therapy of benign anastomotic strictures of the colorectal region by electroincision and balloon dilation *845 (or)*
Balloon dilatation; hepatic hilar stricture
The management of high-grade hilar strictures by endoscopic insertion of self-expanding metal endoprostheses *10 (or)*
Balloon dilatation; long-term outcome
Long-term outcome of endoscopic balloon dilatation in obstructive gastroduodenal Crohn's disease *640 (shC)*
Band ligation
Endoscopic ultrasonography in portal hypertension *399 (rev)*
Barium esophagogram
Intramural pseudodiverticulosis of the esophagus: A case series *109 (shC)*
Barium examination; small intestinum
The true yield of the small-intestinal barium study *447 (or)*
Barium swallow
Improving results of esophageal stenting: A study on 160 consecutive unselected patients *701 (or)*
Barium swallow; biphasic
Dynamic radiology of swallowing disorder *439 (or)*
Barrett's esophagus
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Barrett's esophagus; endoscopic argon plasma coagulation
Treatment of Barrett's esophagus by endoscopic argon plasma coagulation *751 (cas)*
Basket; impacted; extraction
Retrieval of an impacted mechanical lithotripsy basket *128 (lett)*
Basket catheter
Management of traction wire fracture complicating mechanical basket lithotripsy *883 (cas)*
Benign anastomotic stenosis
Predictive value of early postoperative esophagoscopy for occurrence of benign stenosis after cervical esophagogastrostomy *840 (or)*
Benign gastric ulcer
Benign gastric ulcer masquerading as a submucosal tumor *331 (cas)*
Bile; contrast-free
A novel method of obtaining contrast-free bile while performing endoscopic retrograde cholangiography *50 (S/cas)*
Bile duct
Magnetic resonance cholangiopancreatography *472 (or)*
Bile duct carcinoma
Three-dimensional intraductal ultrasonography: Preliminary results of a new technique for the diagnosis of diseases of the pancreatobiliary system *726 (or)*
Bile duct carcinoma; staging
Limitations of intraductal ultrasonography in differentiating between bile duct cancer in stage T1 and stage T2: In-vitro- und In-vivo studies *721 (or)*
Bile duct injury
Magnetic resonance cholangiopancreatography *472 (or)*
Bile duct obstruction
Magnetic resonance cholangiopancreatography *472 (or)*
Bile duct stone; extrahepatic
Diagnosing extrahepatic bile duct stones using intraductal ultrasonography: A case series *356 (or)*
Bile duct stone; interventional radiology
Interventional radiology of the biliary tract *570 (or)*
Biliary ascariasis
Biliary ascariasis and cholelithiasis *56 (S/cas)*
Biliary drug lithiasis
Recurrence of biliary drug lithiasis due to dipyridamole *421 (cas)*
Biliary endoprosthesis; misplacement
Misplacement of endoscopic biliary endoprostheses *125 (cas)*
Biliary endoscopic ultrasonography
Which test for common bile duct stones? Endoscopic and intraductal ultrasonography *655 (ed)*
Biliary endoscopy
Endoscopic sphincteroclasy: A useful therapeutic tool for biliary endoscopy in Billroth II gastrectomy patients *79 (or)*
Biliary endoscopy; indication
What role can endoscopy play in the management of biliary complications after laparoscopic cholecystectomy? *341 (or)*
Biliary leakage
What role can endoscopy play in the management of biliary complications after laparoscopic cholecystectomy? *341 (or)*
Biliary motility
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Biliary obstruction
Interventional radiology of the biliary tract *570 (or)*
Ultrasound-guided emergency endoscopic retrograde biliary drainage without radiography *232 (cas)*
Biliary obstruction in pregnancy
Endoscopic sphincterotomy in pregnancy *52 (cas)*
Biliary stenosis; malignant; dilatation
Dilation of severe malignant biliary stenosis using the Soehendra stent remover *50 (S/cas)*
Biliary stent; complication
A severe complication of the new self-expanding spiral nitinol biliary stent *413 (cas)*
Biliary tract; interventional radiology
Interventional radiology of the biliary tract *570 (or)*
Billroth II gastrectomy
Endoscopically performed cystoduodenal drainage of a pancreatic pseudocyst after Billroth II gastrojejunostomy: A case report *30 (S/cas)*
Billroth II gastrectomy; biliary endoscopy
Endoscopic sphincteroclasy: A useful therapeutic tool for biliary endoscopy in Billroth II gastrectomy patients *79 (or)*
Billroth II gastrectomy; endoscopic sphincterotomy
Endoscopic retrograde cholangiopancreatography and needle-knife sphincterotomy in patients with Billroth II gastrectomy: A comparative study of the forward-viewing endoscope and the side-viewing duodenoscope *82 (or)*
Endoscopic sphincterotomy using an S-shaped sphincterotome in patients with a Billroth II or Roux-en-Y gastrojejunostomy *74 (or)*

Billroth II gastrectomy; ERCP
Endoscopic access to the papilla of Vater for endoscopic retrograde cholangiopancreatography in patients with Billroth II or Roux-en-Y gastrojejunostomy *69 (or)*
Endoscopic retrograde cholangiopancreatography and needle-knife sphincterotomy in patients with Billroth II gastrectomy: A comparative study of the forward-viewing endoscope and the side-viewing duodenoscope *82 (or)*
Biopsy; rectal mucosal
A new method of obtaining rectal mucosal biopsy during rigid sigmoidoscopy *55 (cas)*
Biopsy device; automated
Endosonography-guided fine-needle biopsy of indurated pancreatic lesions using an automated biopsy device *384 (shC)*
Bleeding gastric ulcer; visible vessel
The visible vessel on the bleeding gastric ulcer: An endoscopic-pathological study *821 (or)*
Botulinum toxin
Botulinum toxin injection as a diagnostic tool for verification of sphincter of Oddi dysfunction causing recurrent pancreatitis *120 (cas)*
Botulinum toxin injection; endoscopic
Botulinum toxin injection as a diagnostic tool for verification of sphincter of Oddi dysfunction causing recurrent pancreatitis *120 (cas)*
Botulinum toxin injection; intrapyloric
Botulinum toxin for refractory postoperative pyloric spasm *132 (cas)*
Bouveret's syndrome
Endoscopic treatment of gastric outlet obstruction caused by a gallstone (Bouveret's syndrome) after extracorporeal shock-wave lithotripsy *319 (cas)*
Braun enteroenterostomy
Endoscopic access to the papilla of Vater for endoscopic retrograde cholangiopancreatography in patients with Billroth II or Roux-en-Y gastrojejunostomy *69 (or)*
Bronchoesophageal fistula
Bronchoesophageal fistula as a complication of cytomegalovirus esophagitis in AIDS *28 (S/cas)*
Bronchoesophageal fistula; tuberculosis
Tuberculous bronchoesophageal fistula in a patient infected with HIV virus *146 (cas)*
Brunner's gland hyperplasia
A case of Brunner's gland hyperplasia: Endoscopic color Doppler ultrasonographic findings *51 (cas)*
BSE
Prion diseases (transmissible spongiform encephalopathies): A review *584 (rev)*
Button gastrostomy
Should we still use button gastrostomy tubes as replacements for percutaneous endoscopic gastrostomy tubes? *329 (lett)*
Bypassing; extracorporeal; gastrojejunostomy
Extracorporeal bypassing of a partial obstruction of the afferent loop by percutaneous endoscopic jejunostomy and gastrostomy *142 (cas)*

C

Capping bleeding diverticulum; hemostasis
Hemostasis by capping bleeding diverticulum of the colon with clips *33 (S/cas)*
Carcinoid tumor; duodenal
Carcinoid tumors of the duodenum: Report of three cases treated by endoscopic resection *218 (cas)*
Endosonography-guided endoscopic resection of duodenal carcinoid tumor *214 (cas)*
Carcinoid tumor; histopathology
Carcinoid tumors of the duodenum: Report of three cases treated by endoscopic resection *218 (cas)*
Carcinoid tumor; metastases
Effectiveness of local endoscopic [illegible]n of rectal carcinoid tumors *171 (or)*
Carcinoid tumor; rectal
Effectiveness of local endoscopic resection of rectal carcinoid tumors *171 (or)*
Carcinoma in colorectal adenoma
Invasive carcinoma in colorectal adenomas: Multivariate analysis of patient and adenoma characteristics *626 (or)*
Cardia; stenosing tumor
Self-expanding metal stents for palliation of stenosing tumors of the esophagus and cardia: A critical review *392 (or)*
Cardiac stenosis
Comparison between esophageal Wallstent and ultraflex stents in the treatment of malignant stenoses of the esophagus and cardia *149 (or)*
Cecoplication; laparoscopic
Laparoscopic cecoplication for mobile cecum *227 (cas)*
Cecum; dilated
Laparoscopic cecoplication for mobile cecum *227 (cas)*
Cell function
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Cephalosporins
Antibiotic prophylaxis in gastrointestinal endoscopy: A report by a working party for the British Society of Gastroenterology Endoscopy Committee. Written and approved by the British Society of Gastroenterology (September 1996) *114 (guid)*
Cerebral embolization
An unusual complication of histoacryl injection *140 (cas)*
Cervical esophagogastrostomy
Predictive value of early postoperative esophagoscopy for occurrence of benign stenosis after cervical esophagogastrostomy *840 (or)*
Chain-stitch sewing machines using thread
Endoscopic sewing and stapling machines *205 (or)*
Cholangiocarcinoma
Misplacement of endoscopic biliary endoprostheses *125 (cas)*
Cholangiography; endoscopic retrograde
Diagnostic strategies for extrahepatic cholestasis of indefinite origin: Endoscopic ultrasonography or retrograde cholangiography? Results of a prospective study *349 (or)*
Cholangiography; percutaneous transhepatic
Misplacement of endoscopic biliary endoprostheses *125 (cas)*
Cholangiography; preoperative
Laparoscopic cholecystectomy is a safe procedure for the treatment of porcelaine gallbladder *225 (cas)*
Cholangiolithiasis
A prospective evaluation of the diagnostic work-up before laparoscopic cholecystectomy *602 (or)*
Cholangioscopy
Biliary ascariasis and cholelithiasis *56 (S/cas)*
Cholangitis
Suprapapillary fistulosphincterotomy at ERCP: A prospective study *266 (or)*
Cholangitis; acute; in pregnancy
Endoscopic sphincterotomy in pregnancy *52 (cas)*
Cholecystectomy
Which test for common bile duct stones? Endoscopic and intraductal ultrasonography *655 (ed)*
Cholecystectomy; complication
Hemobilia: A rare complication following cholecystectomy *53 (cas)*
Cholecystectomy; laparoscopic
Clinical significance of magnetic resonance cholangiopancreatography (MRCP) compared to endoscopic retrograde cholangiopancreatography (ERCP) *182 (or)*
Laparoscopic cholecystectomy is a safe procedure for the treatment of porcelain gallbladder *225 (cas)*
Cholecystectomy; laparoscopic; complications
Endoscopic therapy of complications following laparoscopic cholecystectomy: How much can we expect? *389 (ed)*
Pneumatosis cystoides coli: An unreported complication of laparoscopic cholecystectomy *51 (S/cas)*
What role can endoscopy play in the management of biliary complications after laparoscopic cholecystectomy? *341 (or)*
Cholecystectomy; laparoscopic; endoclip migration
Duodenal endoclip migration after laparoscopic cholecystectomy: Report of a case *339 (cas)*

Cholecystectomy; laparoscopic; in children
Laparoscopic cholecystectomy in pediatric patients *47 (lett)*
Cholecystectomy; laparoscopic; preoperative diagnostics
A prospective evaluation of the diagnostic work-up before laparoscopic cholecystectomy *602 (or)*
Cholecystectomy; laparoscopic; two-port technique
Two-port technique for laparoscopic cholecystectomy using a microendoscope *43 (S/cas)*
Cholecystogastric fistula
Laparoscopic management of cholecystogastric fistula *226 (cas)*
Cholecystostomy; percutaneous
Interventional radiology of the biliary tract *570 (or)*
Choledochocele
Choledochoceles with normal-appearing papilla before contrast injection *58 (S/cas)*
Choledocholithiasis
Endoscopic sphincterotomy for choledocholithiasis: A prospective single-center study on the short-term and log-term treatment results in 483 patients *258 (or)*
Microcalculi ot the common bile duct; A misdiagnosed problem *222 (lett)*
Pancreatic carcinoma: Applications for helical computed tomography *539 (or)*
Cholelithiasis
Biliary ascariasis and cholelithiasis *56 (S/cas)*
Diagnostic strategies for extrahepatic cholestasis of indefinite origin: Endoscopic ultrasonography or retrograde cholangiography? Results of a prospective study *349 (or)*
Cholelithiasis; infant
Laparoscopic cholecystectomy in pediatric patients *47 (lett)*
Cholestasis; extrahepatic
Diagnostic strategies for extrahepatic cholestasis of indefinite origin: Endoscopic ultrasonography or retrograde cholangiography? Results of a prospective study *349 (or)*
Ciprofloxacin
Antibiotic prophylaxis in gastrointestinal endoscopy: A report by a working party for the British Society of Gastroenterology Endoscopy Committee. Written and approved by the British Society of Gastroenterology (September 1996) *114 (guid)*
Clinical practice
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Clip migration
Clip migration within the common duct after laparoscopic cholecystectomy: A case of transient acute pancreatitis in the absence of associated stones *59 (S/cas)*
What role can endoscopy play in the management of biliary complications after laparoscopic cholecystectomy? *341 (or)*
Clipping apparatus; variceal ligation
Endoscopic variceal ligation using a clipping apparatus in children with portal hypertension *86 (or)*
Colitis; phlebosclerotic ischemic
A case of phlebosclerotic ischemic colitis: A distinct entity *334 (cas)*
Collagenous colitis
A new endoscopic appearance of collagenous colitis *135 (cas)*
Colon; capping bleeding diverticulum
Hemostasis by capping bleeding diverticulum of the colon with clips *33 (S/cas)*
Colon; direct gene transfer
Direct gene transfer into the colon using a double-balloon catheter *39 (shC)*
Colon; leukemic infiltration
A minute erosion representing leukemic infiltration in the colon *55 (cas)*
Colon; lymphangioma
Endoscopic removal of a lymphangioma of the colon: Case report of the diagnostic value of an endoscopic ultrasound probe *32 (S/cas)*
Colon; simultaneous endoscopic/radiological examination
Reply to Rabast *330 (lett)*
Simultaneous endoscopic and radiological examination of the colon *330 (lett)*
Colon wall; endosonographic image
Flexible endoscopic endosonography of colonic tumors: Indications and results *865 (or)*
Colonic disorder
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Colonic foreign body
Toothpick impaction: Treatment by colonoscopy *60 (S/cas)*
Colonic mucosal sieve
Colonic mucosal sieve: An unusual endoscopic finding *52 (cas)*
Colonic obstruction; carcinoma
A new option in the treatment of complete and acute obstruction due to colorectal cancer *229 (cas)*
Colonic perforation
Colonic perforation due to colonoscopy: A retrospective study of 48 cases *160 (or)*
Colonic polyp
Computed tomographic colonography (virtual colonoscopy): A new method for detecting colorectal neoplasms *454 (or)*
Extracorporeal polypectomy *57 (cas)*
Colonic pseudolipomatosis
A case of colonic pseudolipomatosis: A rare complication of colonoscopy? *325 (cas)*
Colonic tumor; flexible endoscopic ultrasonography
Flexible endoscopic endosonography of colonic tumors: Indications and results *865 (or)*
Colonography; computed tomographic
Computed tomographic colonography (virtual colonoscopy): A new method for detecting colorectal neoplasms *454 (or)*
Colonoscopy
A case of colonic pseudolipomatosis: A rare complication of colonoscopy? *325 (cas)*
Colonic mucosal sieve: An unusual endoscopic finding *52 (cas)*
DDW congress report 1997 Washington *760 (rep)*
Ileal microadenomas in familial adenomatous polyposis: Observation under magnifying colonoscopy *52 (S/cas)*
Toothpick impaction: Treatment by colonoscopy *60 (S/cas)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Colonoscopy; complication
Sigmoid volvulus after diagnostic endoscopy *50 (cas)*
Colonoscopy; nitrous oxide/oxygen inhalation
Immediate recovery of psychomotor function after patient-administered nitrous oxide/oxygen inhalation for colonoscopy *17 (or)*
Colonoscopy; perforation
Colonic perforation due to colonoscopy: A retrospective study of 48 cases *160 (or)*
Colonoscopy; virtual
Computed tomographic colonography (virtual colonoscopy): A new method for detecting colorectal neoplasms *454 (or)*
Colopathy; portal hypertension
Portal hypertensive colopathy: A recently recognized entity *328 (lett)*
Reply to Eleftheriadis and Kotzampassi *328 (lett)*
Color Doppler endosonography
Color doppler endosonography of esophageal varices: Signal enhancement after intravenous injection of the ultrasound contrast agent Levovist *42 (S/cas)*
Color Doppler ultrasonography
A case of Brunner's gland hyperplasia: Endoscopic color Doppler ultrasonographic findings *51 (cas)*
Colorectal adenocarcinoma
Small colorectal serrated adenomas: Endoscopic findings *1 (or)*
Colorectal adenoma; invasive carcinoma
Invasive carcinoma in colorectal adenomas: Multivariate analysis of patient and adenoma characteristics *626 (or)*
Colorectal benign anastomotic stricture; postoperative
Endoscopic therapy of benign anastomotic strictures of the colorectal region by electroincision and balloon dilatation *845 (or)*
Colorectal carcinoma
Computed tomographic colonography (virtual colonoscopy): A new method for detecting colorectal neoplasms *454 (or)*
Colorectal carcinoma; acute obstruction
A new option in the treatment of complete and acute obstruction due to colorectal cancer *229 (cas)*
Colorectal carcinoma; palliation
A new option in the treatment of complete and acute obstruction due to colorectal cancer *229 (cas)*

Colorectal endoscopy
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Colorectal neoplasia
Computed tomographic colonography (virtual colonoscopy): A new method for detecting colorectal neoplasms *454 (or)*
Small colorectal serrated adenomas: Endoscopic findings *1 (or)*
Common bile duct; dilatation
Endoscopic management of food-filled duodenal diverticulum mimicking a pancreatic tumour *29 (S/cas)*
Common bile duct; stricture
What role can endoscopy play in the management of biliary complications after laparoscopic cholecystectomy? *341 (or)*
Common bile duct; transection
What role can endoscopy play in the management of biliary complications after laparoscopic cholecystectomy? *341 (or)*
Common bile duct diameter
Endoscopic sphincterotomy for choledocholithiasis: A prospective single-center study on the short-term and log-term treatment results in 483 patients *258 (or)*
Common bile duct exploration; laparoscopic
Laparoscopic common bile duct exploration after failed endoscopic stone extraction *609 (or)*
Common bile duct microcalculi
Microcalculi ot the common bile duct: A misdiagnosed problem *222 (lett)*
Common bile duct stone
Which test for common bile duct stones? Endoscopic retrograde cholangiopancreatography *669 (ed)*
Which test for common bile duct stones? Endoscopic and intraductal ultrasonography *655 (ed)*
Which test for common bile duct stones? Magnetic resonance cholangiopancreatography *666 (ed)*
Common bile duct stone; endoscopic extraction
Percutaneous release of Dormia baskets impacted in the common bile duct *48 (cas)*
Computed tomographic colography
Computed tomographic colonography (virtual colonoscopy): A new method for detecting colorectal neoplasms *454 (or)*
Computed tomography; abdominal
The value of pancreatoscopy in patients with mucinous ductal ectasia *315 (cas)*
Computed tomography; esophageal duplication cyst
Giant intra-abdominal esophageal duplication cyst *54 (S/cas)*
Computed tomography; esophageal intramural pseudodiverticulo
Intramural pseudodiverticulosis of the esophagus: A case series *109 (shC)*
Computed tomography; liver metastases
Hepatic metastases: Computed tomography versus magnetic resonance imaging in 1997 *524 (or)*
Contrast enhancement
Helical computed tomography of the liver: Techniques, applications and pitfalls *515 (or)*
Contrast-enhanced CT
Hepatic metastases: Computed tomography versus magnetic resonance imaging in 1997 *524 (or)*
Contrast-enhanced endoscopic ultrasonography
Contrast-enhanced endoscopic ultrasonography with galactose microparticles: SHU508 A (Levovist) *635 (shC)*
Creutzfeldt-Jakob disease
Prion diseases (transmissible spongiform encephalopathies): A review *584 (rev)*
Crohn's disease
Long-term outcome of endoscopic balloon dilation in obstructive gastroduodenal Crohn's disease *640 (shC)*
The true yield of the small-intestinal barium study *447 (or)*
Crohn's disease; oral videoenteroscopy
Usefulness of oral video push enteroscopy in Crohn's disease *745 (shC)*
Crohn's gastritis
Clinical impact of routine biopsies of the gastric antrum and body *671 (ed)*
Cronkhite-Canada syndrome without colonic polyps
Cronkhite-Canada syndrome without colonic polyps *333 (cas)*
Crosby capsule; endoscopy-assisted placement
Endoscopy-assisted placement of a Crosby capsule by a new method: Results of a preliminary study *139 (cas)*
Cryptosporidiosis
Cryptosporidiosis in the stomach of patients with acquired immunodeficiency syndrome *45 (S/cas)*
CT angiography
Helical computed tomography of the liver: Techniques, applications and pitfalls *515 (or)*
CT portography
Helical computed tomography of the liver: Techniques, applications and pitfalls *515 (or)*
Cyanoacrylate
Treatment of bleeding esophageal varices with cyanocrylate and polidocanol, or polidocanol alone: Results of a prospective study in an unselected group of patients with cirrhosis of the liver *241 (or)*
Cystectomy; partial
Laparoscopic partial cystectomy for post-traumatic splenic pseudocyst *41 (S/cas)*
Cystic duct obstruction
Laparoscopic cholecystectomy is a safe procedure for the treatment of porcelaine gallbladder *225 (cas)*
Cystic teratoma; paraesophageal
Endosonographic diagnosis of a paraesophageal cystic teratoma *145 (cas)*
Cystoduodenal drainage
Endoscopically performed cystoduodenal drainage of a pancreatic pseudocyst after Billroth II gastrojejunostomy: A case report *30 (S/cas)*
Cystoenterostomy; endoscopic
Endoscopic drainage of pancreatic pseudocysts guided by endosonography *106 (or)*
Cytomegalovirus esophagitis
Bronchoesophageal fistula as a complication of cytomegalovirus esophagitis in AIDS *28 (S/cas)*

D

Delayed iodine CT
Helical computed tomography of the liver: Techniques, applications and pitfalls *515 (or)*
Diabetic ketoacidosis
Nonvariceal upper gastrointestinal bleeding: An update *91 (or)*
Dieulafoy lesion; bleeding
Endoscopic management of Dieulafoy lesions of the stomach: A case study of 26 patients *834 (or)*
DIMDI
Endoscopy informations online: Can endoscopist close the gap between what is known and what they do? *871 (ed)*
Dipyridamole
Recurrence of biliary drug lithiasis due to dipyridamole *421 (cas)*
Direct gene transfer into the colon
Direct gene transfer into the colon using a double-balloon catheter *39 (shC)*
Disinfectants
Italian national survey of digestive endoscopy disinfection procedures *732 (or)*
Disinfection; endoscope
Italian national survey of digestive endoscopy disinfection procedures *732 (or)*
Diverticulum; colon
Hemostasis by capping bleeding diverticulum of the colon with clips *33 (S/cas)*
Diverticulum; esophageal
Superficial esophageal carcinoma arising from the diverticulum of the esophagus *53 (S/cas)*
Dormia basket
Retrieval of an impacted mechanical lithotripsy basket *128 (lett)*
Dormia basket; impacted in the common bile duct
Percutaneous release of Dormia baskets impacted in the common bile duct *48 (cas)*
Dormia basket; percutaneous release
Percutaneous release of Dormia baskets impacted in the common bile duct *48 (cas)*
Dormia basket; trapped
Novel methods of management of trapped Dormia baskets in the pancreatic and biliary ducts *129 (lett)*

Double-balloon catheter; gene transfer
Direct gene transfer into the colon using a double-balloon catheter *39 (shC)*
Dual helical hepatic CT
Helical computed tomography of the liver: Techniques, applications and pitfalls *515 (or)*
Duodenal carcinoid tumor; endoscopic resection
Carcinoid tumors of the duodenum: Report of three cases treated by endoscopic resection *218 (cas)*
Endosonography-guided endoscopic resection of duodenal carcinoid tumor *214 (cas)*
Duodenal disorder
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Duodenal diverticulum
Endoscopic management of food-filled duodenal diverticulum mimicking a pancreatic tumour *29 (S/cas)*
Duodenal endoclip migration
Duodenal endoclip migration after laparoscopic cholecystectomy: Report of a case *339 (cas)*
Duodenal obstruction
A severe complication of the new self-expanding spiral nitinol biliary stent *413 (cas)*
Duodenal ulcer
Implications of Helicobacter pylori serological titer for the histological severity of antral gastritis *27 (or)*
Duodenal ulcer; perforation
Tension pneumothorax complicating a perforation of a duodenal ulcer during ERCP with endoscopic sphincterotomy *332 (cas)*
Duodenoscopy
Choledochoceles with normal-appearing papilla before contrast injection *58 (S/cas)*
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
The value of pancreatoscopy in patients with mucinous ductal ectasia *315 (cas)*
Dynamic rectal examination
Dynamic rectal examination: Its significant clinical value *462 (or)*
Dyspepsia
Implications of Helicobacter pylori serological titer for the histological severity of antral gastritis *27 (or)*
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Dyspeptic patients; endoscopic screening
Prospective screening of dyspeptic patients by Helicobacter pylori serology: A safe policy? *595 (or)*
Dysphagia
Dynamic radiology of swallowing disorder *439 (or)*
Dysphagia score
Comparison between esophageal Wallstent and ultraflex stents in the treatment of malignant stenoses of the esophagus and cardia *149 (or)*

E

Early esophageal cancer; endoscopic mucosal resection
Endoscopic snare mucosectomy in the esophagus without any additional equipment: A simple technique for resection of flat early cancer *380 (shC)*
Early esophageal cancer; endoscopic treatment
Endoscopic snare mucosectomy in the esophagus without any additional equipment: A simple technique for resection of flat early cancer *380 (shC)*
Early gastric cancer; endoscopic mucosal resection
Endoscopic ultrasonography: A promising method for assessing the prospects of endoscopic mucosal resection in early gastric cancer *614 (or)*
Early gastric cancer; endoscopic resection
Possibilities and limitations of endoscopic resection for early gastric cancer *361 (or)*
Early gastric cancer; flat-type; color change
Mechanisms producing color change in flat early gastric cancers *366 (or)*
Echoplanar imaging
Hepatic magnetic resonance imaging: New techniques and contrast agents *504 (or)*
Ectopic spleen
Upper gastrointestinal hemorrhage secondary to ectopic spleen *56 (cas)*
Ectopy of the gallbladder
Gallbladder in the left side of the lower abdomen *49 (cas)*
Electroincision
Endoscopic therapy of benign anastomotic strictures of the colorectal region by electroincision and balloon dilation *845 (or)*
EMBASE
Endoscopy informations online: Can endoscopist close the gap between what is known and what they do? *871 (ed)*
Embolization; systemic
An unusual complication of histoacryl injection *140 (cas)*
Emergency endoscopic retrograde biliary drainage
Ultrasound-guided emergency endoscopic retrograde biliary drainage without radiography *232 (cas)*
Endocarditis
Antibiotic prophylaxis in gastrointestinal endoscopy: A report by a working party for the British Society of Gastroenterology Endoscopy Committee. Written and approved by the British Society of Gastroenterology (September 1996) *114 (guid)*
Endoclip migration
Duodenal endoclip migration after laparoscopic cholecystectomy: Report of a case *339 (cas)*
Endocoil stent; removal
Can the expandable esophageal metal endocoil stent be safely removed? *337 (cas)*
Endoprostheses; biliary; multiple
A new time-saving technique of inserting multiple biliary endoprostheses without fluoroscopy *58 (cas)*
Endoprostheses; esophageal
Nonsurgical treatment of esophageal perforations after endoscopic palliation in advanced esophageal cancer *155 (or)*
Endoscope; flexible; automatic washer disinfector
Automatic washer disinfector for flexible endoscopes: A new evaluation process *372 (or)*
Endoscope disinfection
Italian national survey of digestive endoscopy disinfection procedures *732 (or)*
Endoscopic argon plasma coagulation
Treatment of Barrett's esophagus by endoscopic argon plasma coagulation *751 (cas)*
Endoscopic aspiration lumpectomy
Endoscopic resection of rectal carcinoid tumors using aspiration lumpectomy *34 (shC)*
Endoscopic balloon dilatation
Long-term outcome of endoscopic balloon dilatation in obstructive gastroduodenal Crohn's disease *640 (shC)*
Endoscopic biliary sphincterotomy
Complications of endoscopic biliary sphincterotomy: A review *288 (rev)*
Endoscopic drainage; pancreatic pseudocyst
Endoscopic drainage of pancreatic pseudocysts guided by endosonography *106 (or)*
Endoscopic gallstone extraction
Laparoscopic common bile duct exploration after failed endoscopic stone extraction *609 (or)*
Endoscopic lithotripsy
Endoscopic treatment of gastric outlet obstruction caused by a gallstone (Bouveret's syndrome) after extracorporeal shock-wave lithotripsy *319 (cas)*
Endoscopic magnetic resonance imaging
Endoscopic magnetic resonance imaging at variable coil orientation *336 (cas)*
Endoscopic mucosectomy
A case of simultaneous esophageal and pulmonary cancer treated by endoscopic mucosectomy and lobectomy using video-assisted minimal thoracotomy *39 (S/cas)*
Endoscopic resection; duodenal carcinoid tumor
Carcinoid tumors of the duodenum: Report on three cases treated by endoscopic resection *218 (cas)*
Endosonography-guided endoscopic resection of duodenal carcinoid tumor *214 (cas)*

Endoscopic resection; early gastric cancer
Possibilities and limitations of endoscopic resection for early gastric cancer *361 (or)*
Endoscopic resection; pedunculated esophageal lipoma
Endoscopic resection indicated for double-pedunculated esophageal lipoma *131 (cas)*
Endoscopic retrograde biliary drainage
Ultrasound-guided emergency endoscopic retrograde biliary drainage without radiography *232 (cas)*
Endoscopic retrograde cholangiography
A novel method of obtaining contrast-free bile while performing endoscopic retrograde cholangiography *50 (S/cas)*
Endoscopic retrograde cholangioscopy
Biliary ascariasis and cholelithiasis *56 (S/cas)*
Endoscopic sewing
Endoscopic sewing and stapling machines *205 (or)*
Endoscopic snare papillectomy
Endoscopic snare papillectomy in patients with familial adenomatous polyposis and ampullary adenoma *685 (cas)*
Endoscopic sphincterotomy
Endoscopic sphincterotomy for choledocholithiasis: A prospective single-center study on the short-term and log-term treatment results in 483 patients *258 (or)*
Endoscopic sphincterotomy without image intensification *886 (lett)*
Reply to Misra and Dwivedi *887 (lett)*
Endoscopic sphincterotomy; complications
Complications of endoscopic biliary sphincterotomy: A review *288 (rev)*
Endoscopic sphincterotomy; indication
Endoscopic sphincterotomy for choledocholithiasis: A prospective single-center study on the short-term and log-term treatment results in 483 patients *258 (or)*
Endoscopic sphincterotomy in pregnancy
Endoscopic sphincterotomy in pregnancy *52 (cas)*
Endoscopic tumor resection
Endoscopic resection of gastrointestinal tumors: How far can the endoscopist go? *192 (ed)*
Endoscopic resection of submucosal tumor of the esophagus: Results in 62 patients *165 (or)*
Endoscopic tumor resection; laparoscopic-assisted
Laparoscopy-assisted endoscopic removal of a stromal-cell tumor of the stomach *679 (cas)*
Endoscopic ultrasonography
DDW congress report 1997 Washington *760 (rep)*
Diagnostic strategies for extrahepatic cholestasis of indefinite origin: Endoscopic ultrasonography or retrograde cholangiography? Results of a prospective study *349 (or)*
Endoscopic resection of rectal carcinoid tumors using aspiration lumpectomy *34 (shC)*
Endoscopic ultrasonography: A promising method for assessing the prospects of endoscopic mucosal resection in early gastric cancer *614 (or)*
Interobserver agreement in the staging of rectal cancer using endoscopic ultrasonography *620 (or)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Endoscopic ultrasonography; bile duct stone
Diagnosing extrahepatic bile duct stones using intraductal ultrasonography: A case series *356 (or)*
Which test for common bile duct stones? Endoscopic and intraductal ultrasonography *655 (ed)*
Endoscopic ultrasonography; contrast-enhanced
Contrast-enhanced endoscopic ultrasonography with galactose microparticles: SHU508 A (Levovist) *635 (shC)*
Endoscopic ultrasonography; detection of adrenal glands
Detection of the adrenal glands by endoscopic or transabdominal ultrasound *859 (or)*
Endoscopic ultrasonography; gastric polyps
Endoscopic ultrasonography in the evaluation of gastric polyps in juvenile polyposis *136 (cas)*
Endoscopic ultrasonography; intraoperative
Intraoperative endoscopic ultrasonography in Zollinger-Ellison syndrome *754 (cas)*
Endoscopic ultrasonography; portal hypertension
Endoscopic ultrasonography in portal hypertension *399 (rev)*
Endoscopy
Endoscopies: Too many and not enough! *652 (ed)*
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Which test for common bile duct stones? Endoscopic and intraductal ultrasonography *655 (ed)*
Endoscopy; arterial oxygen desaturation
Arterial oxygen desaturation following sedated endoscopic examination *689 (lett)*
Endoscopy; biliary; indication
What role can endoscopy play in the management of biliary complications after laparoscopic cholecystectomy? *341 (or)*
Endoscopy; gastric ulcer
The visible vessel on the bleeding gastric ulcer: An endoscopic-pathological study *821 (or)*
Endoscopy; gastrointestinal; antibiotic prophylaxis
Antibiotic prophylaxis in gastrointestinal endoscopy: A report by a working party for the British Society of Gastroenterology Endoscopy Committee. Written and approved by the British Society of Gastroenterology (September 1996) *114 (guid)*
Endoscopy; gastrointestinal; argon plasma coagulation
Argon plasma coagulation in flexible gastrointestinal endoscopy: Pilot experiences *176 (or)*
Endoscopy; gastrointestinal; patients' tolerance
A simple test for predicting patients' tolerance of upper gastrointestinal endoscopy *430 (lett)*
Endoscopy; gastrointestinal; risk
Transmission of hepatitis C and prion diseases through digestive endoscopy: Evaluation of risk and recommended practices *199 (or)*
Endoscopy; intramural pseudodiverticulosis
Diffuse intramural pseudodiverticulosis *146 (cas)*
Endoscopy; minimally invasive technique
Treatment of a submucosal hemangioma of the esophagus using simultaneous video-assisted thoracoscopy and esophagoscopy: Description of a new minimally invasive technique *27 (S/cas)*
Endoscopy; patient tolerance
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Endoscopy; pediatric
DDW congress report 1997 Washington *760 (rep)*
Endoscopy; prion disease transmission
ESGE guidelines for the prevention of endoscopic transmission of type C hepatitis and update on Creutzfeldt-Jacob disease *203 (guid)*
Transmission of hepatitis C and prion diseases through digestive endoscopy: Evaluation of risk and recommended practices *199 (or)*
Endoscopy; type C hepatitis transmission
ESGE guidelines for the prevention of endoscopic transmission of type C hepatitis and update on Creutzfeldt-Jacob disease *203 (guid)*
Transmission of hepatitis C and prion diseases through digestive endoscopy: Evaluation of risk and recommended practices *199 (or)*
Endoscopy; written patient information
Development and evaluation of written patient information for endoscopic procedure *23 (or)*
Endoscopy informations online
Endoscopy informations online: Can endoscopist close the gap between what is known and what they do? *871 (ed)*

Endosonography; esophagus
Endoscopic resection of submucosal tumor of the esophagus: Results in 62 patients *165 (or)*
Endosonography; muscularis mucosae
In-vitro endosonographic appearance of muscularis mucosae of the esophagus *49 (S/cas)*
Endosonography; pancreatic pseudocyst
Endoscopic drainage of pancreatic pseudocysts guided by endosonography *106 (or)*
Endosonography; paraesophageal cystic teratoma
Endosonographic diagnosis of a paraesophageal cystic teratoma *145 (cas)*
Endosonography-guided endoscopic resection; duodenal tumor
Endosonography-guided endoscopic resection of duodenal carcinoid tumor *214 (cas)*
Enterocele
Dynamic rectal examination: Its significant clinical value *462 (or)*
Enteroclysis examination
The true yield of the small-intestinal barium study *447 (or)*
Enteroscopy
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Eosinophilic gastritis
Clinical impact of routine biopsies of the gastric antrum and body *671 (ed)*
Epinephrine; submucosal injection
Influence of prophylactic local administration of epinephrine on bleeding complications after polypectomy *31 (shC)*
ERCP
Choledochoceles with normal-appearing papilla before contrast injection *58 (S/cas)*
Clinical significance of magnetic resonance cholangiopancreatography (MRCP) compared to endoscopic retrograde cholangiopancretography (ERCP) *182 (or)*
DDW congress report 1997 Washington *760 (rep)*
Endoscopic access to the papilla of Vater for endoscopic retrograde cholangiopancreatography in patients with Billroth II or Roux-en-Y gastrojejunostomy *69 (or)*
Endoscopic retrograde cholangiopancreatography and needle-knife sphincterotomy in patients with Billroth II gastrectomy: A comparative study of the forward-viewing endoscope and the side-viewing duodenoscope *82 (or)*
Endoscopic therapy of complications following laparoscopic cholecystectomy: How much can we expect? *389 (ed)*
Gallbladder in the left side of the lower abdomen *49 (cas)*
Magnetic resonance cholangiopancreatography *472 (or)*
Microcalculi ot the common bile duct: A misdiagnosed problem *222 (lett)*
A new time-saving technique of inserting multiple biliary endoprostheses without fluoroscopy *58 (cas)*
Retrieval of an impacted mechanical lithotripsy basket *128 (lett)*
Selective biliary opacification through the proximal opening of a sphincterotome inserted into the pancreatic duct: A new pitfall? *32 (S/cas)*
Suprapapillary fistulosphincterotomy at ERCP: A prospective study *266 (or)*
Tension pneumothorax complicating a perforation of a duodenal ulcer during ERCP with endoscopic sphincterotomy *332 (cas)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Value of magnetic-resonance cholangiopancreatography (MRCP) after unsuccessful endoscopic-retrograde cholangiopancreatography (ERCP) *741 (shC)*
Which test for common bile duct stones? Endoscopic retrograde cholangiopancreatography *669 (ed)*
ERCP; antibiotic prophylaxis
Antibiotic prophylaxis in gastrointestinal endoscopy: A report by a working party for the British Society of Gastroenterology Endoscopy Committee. Written and approved by the British Society of Gastroenterology (September 1996) *114 (guid)*
ERCP; preoperative
Laparoscopic cholecystectomy is a safe procedure for the treatment of porcelaine gallbladder *225 (cas)*
ERCP; therapeutic
Endoscopic sphincterotomy in pregnancy *52 (cas)*
Therapeutic endoscopic retrograde choalangiopancreatography with ultra-short fluoroscopy: Report of two cases *31 (S/cas)*
ERCP-induced pancreatitis
Diagnosis and prevention of post-ERCP pancreatitis *285 (ed)*
Pancreatic sphincter hypertension increases the risk of post-ERCP pancreatitis *252 (or)*
Urinary trypsinogen-2 test strip in detecting ERCP-induced pancreatitis *247 (or)*
EsophaCoil
Self-expanding metal stents for palliation of stenosing tumors of the esophagus and cardia: A critical review *392 (or)*
Esophageal actinomycosis
Esophageal actinomycosis: A case report *133 (cas)*
Esophageal carcinoma
A case of simultaneous esophageal and pulmonary cancer treated by endoscopic mucosectomy and lobectomy using video-assisted minimal thoracotomy *39 (S/cas)*
Endoscopic ultrasonography for assessment of the response to combined radiation therapy and chemotherapy in patients with esophageal cancer *4 (or)*
Photodynamic therapy for the treatment of tumor ingrowth in expandable esophageal stents *271 (shC)*
Esophageal carcinoma; chemotherapy
Endoscopic ultrasonography for assessment of the response to combined radiation therapy and chemotherapy in patients with esophageal cancer *4 (or)*
Esophageal carcinoma; endoscopic mucosal resection
Endoscopic snare mucosectomy in the esophagus without any additional equipment: A simple technique for resection of flat early cancer *380 (shC)*
Esophageal carcinoma; endoscopic palliation
Nonsurgical treatment of esophageal perforations after endoscopic palliation in advanced esophageal cancer *155 (or)*
Esophageal carcinoma; histological findings
Endoscopic ultrasonography for assessment of the response to combined radiation therapy and chemotherapy in patients with esophageal cancer *4 (or)*
Esophageal carcinoma; photodynamic therapy
Enhanced effectiveness of photodynamics therapy with laser light fractionation in patients with esophageal cancer *275 (shC)*
Esophageal carcinoma; radiation therapy
Endoscopic ultrasonography for assessment of the response to combined radiation therapy and chemotherapy in patients with esophageal cancer *4 (or)*
Esophageal carcinoma; superficial
Coexistence of superficial esophageal carcinoma and leiomyoma: Case report of an endoscopic resection *683 (cas)*
Superficial esophageal carcinoma arising from the diverticulum of the esophagus *53 (S/cas)*
Esophageal disorder
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Esophageal diverticulum
Superficial esophageal carcinoma arising from the diverticulum of the esophagus *53 (S/cas)*
Esophageal duplication cyst
Giant intra-abdominal esophageal duplication cyst *54 (S/cas)*
Esophageal endoprosthesis
Nonsurgical treatment of esophageal perforations after endoscopic palliation in advanced esophageal cancer *155 (or)*
Esophageal gash
Endoscopic treatment for a gash in the esophagus caused when inserting the overtube during esophageal variceal ligation *44 (S/cas)*
Esophageal granular-cell tumor
Endosonographic features of esophageal granular cell tumors *850 (or)*

Esophageal hemangioma; submucosal
Treatment of a submucosal hemangioma of the esophagus using simultaneous video-assisted thoracoscopy and esophagoscopy: Description of a new minimally invasive technique *27 (S/cas)*
Esophageal intramural pseudodiverticulosis
Diffuse intramural pseudodiverticulosis *146 (cas)*
Esophageal leiomyoma
Coexistence of superficial esophageal carcinoma and leiomyoma: Case report of an endoscopic resection *683 (cas)*
Esophageal lipoma; pedunculated
Endoscopic resection indicated for double-pedunculated esophageal lipoma *131 (cas)*
Esophageal malignant disorder
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Esophageal metallic self-expanding stent
Can the expandable esophageal metal endocoil stent be safely removed? *337 (cas)*
Esophageal motility
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Esophageal Nikolsky's sign
Esophageal Nikolsky's sign in pemphigus vulgaris *35 (S/cas)*
Esophageal perforation; nonsurgical treatment
Nonsurgical treatment of esophageal perforations after endoscopic palliation in advanced esophageal cancer *155 (or)*
Esophageal perforation; spontaneous
Spontaneous esophageal perforation: Unusual presentation of tuberculosis *143 (cas)*
Esophageal prosthesis
Stent-in-tube: Self-expanding metal stent in the management of a partially eroded Atkinson's oesophageal prosthesis *25 (S/cas)*
Esophageal stenosis
Comparison between esophageal Wallstent and ultraflex stents in the treatment of malignant stenoses of the esophagus and cardia *149 (or)*
Esophageal stent; perforation
Massive hemorrhage caused by a perforating Gianturco-Z stent resulting in an aorto-esophageal fistula *416 (cas)*
Esophageal stent; tumor ingrowth
Photodynamic therapy for the treatment of tumor ingrowth in expandable esophageal stents *271 (shC)*
Esophageal stenting; results
Improving results of esophageal stenting: A study on 160 consecutive unselected patients *701 (or)*
Esophageal stricture; steroid injection
Endoscopic ultrasound miniprobe-guided steroid injection for treatment of refractory esophageal strictures *757 (cas)*
Esophageal tumor; bleeding
Aortoesophageal fistula of unusual location *138 (cas)*
Esophageal tumor; stenosing; palliation
Self-expanding metal stents for palliation of stenosing tumors of the esophagus and cardia: A critical review *392 (or)*
Esophageal tumor; submucosal
Endoscopic resection of gastrointestinal tumors: How far can the endoscopist go? *192 (ed)*
Endoscopic resection of submucosal tumor of the esophagus: Results in 62 patients *165 (or)*
Esophageal variceal bleeding
Treatment of bleeding esophageal varices with cyanocrylate and polidocanol, or polidocanol alone: Results of a prospective study in an unselected group of patients with cirrhosis of the liver *241 (or)*
Esophageal variceal bleeding; elective therapy
A prospective randomized trial of sclerotherapy versus ligation in the elective treatment of bleeding esophageal verices *235 (or)*
Treatment of bleeding esophageal varices with cyanocrylate and polidocanol, or polidocanol alone: Results of a prospective study in an unselected group of patients with cirrhosis of the liver *241 (or)*
Esophageal variceal bleeding; sclerotherapy
A prospective randomized trial of sclerotherapy versus ligation in the elective treatment of bleeding esophageal verices *235 (or)*
An unusual complication of histoacryl injection *140 (cas)*
Esophageal variceal ligation
Endoscopic treatment for a gash in the esophagus caused when inserting the overtube during esophageal variceal ligation *44 (S/cas)*
Esophageal varices
Color doppler endosonography of esophageal varices: Signal enhancement after intravenous injection of the ultrasound contrast agent Levovist *42 (S/cas)*
Endoscopic ultrasonography in portal hypertension *399 (rev)*
Portal hypertensive colopathy: A recently recognized entity *328 (lett)*
Reply to Eleftheriadis and Kotzampassi *328 (lett)*
Esophageal varices; ligation
Reloading a variceal rubber band ligator with hemorrhoidal bands: An inexpensive and effective method *233 (cas)*
Esophageal Wallstent
Comparison between esophageal Wallstent and ultraflex stents in the treatment of malignant stenoses of the esophagus and cardia *149 (or)*
Esophagitis; complication
Bronchoesophageal fistula as a complication of cytomegalovirus esophagitis in AIDS *28 (S/cas)*
Esophagogastrostomy; cervical
Predictive value of early postoperative esophagoscopy for occurence of benign stenosis after cervical esophagogastrostomy *840 (or)*
Esophagography
Improving results of esophageal stenting: A study on 160 consecutive unselected patients *701 (or)*
Superficial esophageal carcinoma arising from the diverticulum of the esophagus *53 (S/cas)*
Esophagoscopy
A new multipurpose tube for esophageal endoscopy *26 (S/cas)*
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Superficial esophageal carcinoma arising from the diverticulum of the esophagus *53 (S/cas)*
Esophagoscopy; early postoperative
Predictive value of early postoperative esophagoscopy for occurence of benign stenosis after cervical esophagogastrostomy *840 (or)*
Esophagoscopy; video-assisted
Treatment of a submucosal hemangioma of the esophagus using simultaneous video-assisted thoracoscopy and esophagoscopy: Description of a new minimally invasive technique *27 (S/cas)*
Esophagus; graft-versus-host disease; acute
Acute graft-versus-host disease of the esophagus *35 (S/cas)*
Esophagus; heterotopic gastric mucosa
Heterotopic gastric mucosa in the upper esophagus: A prospective study of 33 cases and review of literature *710 (or)*
Esophagus; intramural pseudodiverticulosis
Intramural pseudodiverticulosis of the esophagus: A case series *109 (shC)*
Esophagus; muscularis mucosae
In-vitro endosonographic appearance of muscularis mucosae of the esophagus *49 (S/cas)*
Esophagus; spontaneous intramural hematoma
Serial endoscopic findings of spontaneous intramural hematoma of the esophagus *44 (cas)*
Esophagus; venous anatomy
Endoscopic ultrasonography in portal hypertension *399 (rev)*
ESWL
Endoscopic treatment of gastric outlet obstruction caused by a gallstone (Bouveret's syndrome) after extracorporeal shock-wave lithotripsy *319 (cas)*
Novel methods of management of trapped Dormia baskets in the pancreatic and biliary ducts *129 (lett)*

ESWL; pancreatic stone
Successful extracorporeal shock-wave lithotripsy for a single pancreatic stone located outside of an undilated main pancreatic duct *38 (S/cas)*
Expandable esophageal stent; tumor ingrowth
Photodynamic therapy for the treatment of tumor ingrowth in expandable esophageal stents *271 (shC)*
Extracorporeal polypectomy
Extracorporeal polypectomy *57 (cas)*

F

Familial adenomatous polyposis
Endoscopic snare papillectomy in patients with familial adenomatous polyposis and ampullary adenoma *685 (cas)*
Ileal microadenomas in familial adenomatous polyposis: Observation under magnifying colonoscopy *52 (S/cas)*
Fatal familial insomnia
Prion diseases (transmissible spongiform encephalopathies): A review *584 (rev)*
Fibrin glue
Comparison of the hemostatic effect of endoscopic injection with fibrin glue and hypertonic saline-epinephrine for peptic ulcer bleeding: A prospective randomized trial *827 (or)*
Fine needle aspiration; EUS-guided
Endoscopic ultrasound guided fine needle aspiration of malignant pancreatic lesions *854 (or)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Fine-needle aspiration biopsy; hepatocellular carcinoma
Early detection of recurrent hepatocellular carcinoma by endosonographically guided fine-needle aspiration biopsy *322 (cas)*
Fine-needle biopsy; endosonography-guided
Endosonography-guided fine-needle biopsy of indurated pancreatic lesions using an automated biopsy device *384 (shC)*
Finger-throat test
A simple test for predicting patients' tolerance of upper gastrointestinal endoscopy *430 (lett)*
Fistula; aortoesophageal
Aortoesophageal fistula of unusual location *138 (cas)*
Massive hemorrhage caused by a perforating Gianturco-Z stent resulting in an aortoesophageal fistula *416 (cas)*
A rare case of gastrointestinal hemorrhage: Aortoesophageal fistula following repair of aortic dissection *137 (cas)*
Fistula; bronchoesophageal; tuberculosis
Tuberculous bronchoesophageal fistula in a patient infected with the HIV virus *146 (cas)*
Fistula; cholecystogastric
Laparoscopic management of cholecystogastric fistula *226 (cas)*
Fistulosphincterotomy; suprapapillary
Suprapapillary fistulosphincterotomy at ERCP: A prospective study *266 (or)*
Flat early gastric cancer; color change
Mechanisms producing color change in flat early gastric cancers *366 (or)*
Flexible biopsy forceps
A new method of obtaining rectal mucosal biopsy during rigid sigmoidoscopy *55 (cas)*
Flexible endoscope; automatic washer disinfector
Automatic washer disinfector for flexible endoscopes: A new evaluation process *372 (or)*
Flexible endoscopic endosonography
Flexible endoscopic endosonography of colonic tumors: Indications and results *865 (or)*
Flexible gastrointestinal endoscopy
Argon plasma coagulation in flexible gastrointestinal endoscopy: Pilot experiences *176 (or)*
Fluoroscopy
Therapeutic endoscopic retrograde choalangiopancreatography with ultra-short fluoroscopy: Report of two cases *31 (S/cas)*
Focal nodular hyperplasia
Hepatic magnetic resonance imaging: New techniques and contrast agents *504 (or)*
Focal pancreatitis
Pancreatic carcinoma: Applications for helical computed tomography *539 (or)*
Foreign body; colonic
Toothpick impaction: Treatment by colonoscopy *60 (S/cas)*
Foreign body; gastric
Endoscopic removal of a gastric clasp hook removable partial denture with a finger glove *47 (S/cas)*
Endoscopic removal of a large gastric metallic watch with a polypectomy snare loop *55 (S/cas)*
Foreign body; rectal
Unusual rectal foreign body: Treatment using argon-beam coagulation *230 (cas)*
Functional gastrointestinal disorder
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Fundoplication
Current status and trends in laparoscopic antireflux surgery: Results of a consensus meeting *298 (or)*

G

Galactose microparticles
Contrast-enhanced endoscopic ultrasonography with galactose microparticles: SHU508 A (Levovist) *635 (shC)*
Gall stones
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Gallbladder
Magnetic resonance cholangiopancreatography *472 (or)*
Gallbladder disease
Symptom resolution or relief after cholecystectomy correlates strongly with positive combined endoscopic ultrasound and stimulated biliary drainage *646 (shC)*
Gallbladder ectopy
Gallbladder in the left side of the lower abdomen *49 (cas)*
Gallbladder stones; interventional radiology
Interventional radiology of the biliary tract *570 (or)*
Gallstone
Diagnostic strategies for extrahepatic cholestasis of indefinite origin: Endoscopic ultrasonography or retrograde cholangiography? Results of a prospective study *349 (or)*
Suprapapillary fistulosphincterotomy at ERCP: A prospective study *266 (or)*
Gallstone; drug-containing
Recurrence of biliary drug lithiasis due to dipyridamole *421 (cas)*
Gallstone; gastric outlet obstruction
Endoscopic treatment of gastric outlet obstruction caused by a gallstone (Bouveret's syndrome) after extracorporeal shock-wave lithotripsy *319 (cas)*
Gallstone; residual
What role can endoscopy play in the management of biliary complications after laparoscopic cholecystectomy? *341 (or)*
Gallstone extraction
Endoscopic sphincterotomy for choledocholithiasis: A prospective single-center study on the short-term and log-term treatment results in 483 patients *258 (or)*
Gallstone extraction; endoscopic
Laparoscopic common bile duct exploration after failed endoscopic stone extraction *609 (or)*
Gash; esophageal
Endoscopic treatment for a gash in the esophagus caused when inserting the overtube during esophageal variceal ligation *44 (S/cas)*
Gastric antral vascular ectasia
Nonvariceal upper gastrointestinal bleeding: An update *91 (or)*
Gastric antrum; routine biopsies
Clinical impact of routine biopsies of the gastric antrum and body *671 (ed)*
Gastric bezoar; enzymatic treatment
Small-bowel obstruction during enzymatic treatment of gastric bezoar *424 (cas)*
Gastric body; routine biopsies
Clinical impact of routine biopsies of the gastric antrum and body *671 (ed)*
Gastric cancer phenotype
Clinical impact of routine biopsies of the gastric antrum and body *671 (ed)*

Gastric disease
A family suffering from various gastric diseases associated with Helicobacter pylori infection *45 (S/cas)*
Gastric disorder
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Gastric leiomyoma; endoscopic resection
Laparoscopy-assisted endoscopic removal of a stromal-cell tumor of the stomach *679 (cas)*
Gastric lipoma
Endoscopy-assisted laparoscopic resection of the gastric wall facilitated by a double-lifting method *227 (cas)*
Gastric mucosa; heterotopic
Heterotopic gastric mucosa in the upper esophagus: A prospective study of 33 cases and review of literature *710 (or)*
Gastric outlet obstruction; gallstone
Endoscopic treatment of gastric outlet obstruction caused by a gallstone (Bouveret's syndrome) after extracorporeal shock-wave lithotripsy *319 (cas)*
Gastric polyps
Cronkhite-Canada syndrome without colonic polyps *333 (cas)*
Gastric polyps; endoscopic ultrasonography
Endoscopic ultrasonography in the evaluation of gastric polyps in juvenile polyposis *136 (cas)*
Gastric retention; postoperative
Botulinum toxin for refractory postoperative pyloric spasm *132 (cas)*
Gastric tumors; simultaneous
Simultaneous adenocarcinoma and malignant lymphoma of the stomach *134 (cas)*
Gastric ulcer
Implications of Helicobacter pylori serological titer for the histological severity of antral gastritis *27 (or)*
Gastric ulcer; benign
Benign gastric ulcer masquerading as a submucosal tumor *331 (cas)*
Gastric ulcer; bleeding
The visible vessel on the bleeding gastric ulcer: An endoscopic-pathological study *821 (or)*
Gastric varices
Endoscopic ultrasonography in portal hypertension *399 (rev)*
Portal hypertensive colopathy: A recently recognized entity *328 (lett)*
Reply to Eleftheriadis and Kotzampassi *328 (lett)*
Gastric volvulus; chronic
Percutaneous endoscopic gastrostomy as a treatment for chronic gastric volvulus *147 (cas)*
Gastric wall; double-lifting laparoscopic resection
Endoscopy-assisted laparoscopic resection of the gastric wall facilitated by a double-lifting method *227 (cas)*
Gastrinoma
Intraoperative endoscopic ultrasonography in Zollinger-Ellison syndrome *754 (cas)*
Gastritis
Clinical impact of routine biopsies of the gastric antrum and body *671 (ed)*
Implications of Helicobacter pylori serological titer for the histological severity of antral gastritis *27 (or)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Gastroduodenal malignant disease
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Gastroduodenal motility
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Gastroesophageal reflux
Current status and trends in laparoscopic antireflux surgery: Results of a consensus meeting *298 (or)*
Gastroesophageal reflux disease; pathophysiology
Current status and trends in laparoscopic antireflux surgery: Results of a consensus meeting *298 (or)*
Gastrointestinal bleeding
A rare case of gastrointestinal hemorrhage: Aortoesophageal fistula following repair of aortic dissection *137 (cas)*
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Gastrointestinal bleeding; risk factors
Nonvariceal upper gastrointestinal bleeding: An update *91 (or)*
Gastrointestinal endoscopy; patients' tolerance
A simple test for predicting patients' tolerance of upper gastrointestinal endoscopy *430 (lett)*
Gastrointestinal infection
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Gastrointestinal malignancy
Argon plasma coagulation in flexible gastrointestinal endoscopy: Pilot experiences *176 (or)*
Gastrointestinal malignancy; palliation
Argon plasma coagulation in flexible gastrointestinal endoscopy: Pilot experiences *176 (or)*
Gastrointestinal metastases
Upper gastrointestinal bleeding from gastrointestinal metastases of a hemangiosarcoma *46 (S/cas)*
Gastrointestinal perforation
Endoscopic resection of gastrointestinal tumors: How far can the endoscopist go? *192 (ed)*
Gastrointestinal tumor
Nonvariceal upper gastrointestinal bleeding: An update *91 (or)*
Gastrointestinal tumor; endoscopic resection
Endoscopic resection of gastrointestinal tumors: How far can the endoscopist go? *192 (ed)*
Laparoscopy-assisted endoscopic removal of a stromal-cell tumor of the stomach *679 (cas)*
Gastrojejunostomy; ERCP
Endoscopic access to the papilla of Vater for endoscopic retrograde cholangiopancreatography in patients with Billroth II or Roux-en-Y gastrojejunostomy *69 (or)*
Gastrojejunostomy; extracorporeal bypassing
Extracorporeal bypassing of a partial obstruction of the afferent loop by percutaneous endoscopic jejunostomy and gastrostomy *142 (cas)*
Gastropathy; portal hypertensive
Endoscopic ultrasonography in portal hypertension *399 (rev)*
Gastroscopy
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Gastrostomy; percutaneous
Percutaneous fixation of the stomach to the abdominal wall in patients with percutaneous gastrostomy *48 (S/cas)*
Gastrostomy; percutaneous endoscopic
Percutaneous endoscopic gastrostomy as a treatment for chronic gastric volvulus *147 (cas)*
Should we still use button gastrostomy tubes as replacements for percutaneous endoscopic gastrostomy tubes? *329 (lett)*
Transnasal percutaneous endoscopic gastrostomy *337 (cas)*
Gastrostomy; percutaneous endoscopic; wound infection
Antibiotic prophylaxis in gastrointestinal endoscopy: A report by a working party for the British Society of Gastroenterology Endoscopy Committee. Written and approved by the British Society of Gastroenterology (September 1996) *114 (guid)*
Gastrostomy tube
Successful retrograde dilation and oesophageal conservation after failed antegrade management of a reflux stricture *141 (cas)*
Gd-DTPA
Hepatic magnetic resonance imaging: New techniques and contrast agents *504 (or)*
Gene transfer
Direct gene transfer into the colon using a double-balloon catheter *39 (shC)*
Gerstmann-Sträussler-Scheinker disease
Prion diseases (transmissible spongiform encephalopathies): A review *584 (rev)*
Gianturco-Z stent
Self-expanding metal stents for palliation of stenosing tumors of the esophagus and cardia: A critical review *392 (or)*

Gianturco-Z stent; perforation
Massive hemorrhage caused by a perforating Gianturco-Z stent resulting in an aortoesophageal fistula *416 (cas)*
Giardiasis
Symptoms in patients with giardiasis undergoing upper gastrointestinal endoscopy *716 (or)*
Glutaraldehyde
Italian national survey of digestive endoscopy disinfection procedures *732 (or)*
Graft-versus-host disease; acute; esophagus
Acute graft-versus-host disease of the esophagus *35 (S/cas)*
Granular-cell tumor; esophageal
Endosonographic features of esophageal granular cell tumors *850 (or)*
Granulomatous gastritis
Clinical impact of routine biopsies of the gastric antrum and body *671 (ed)*
Gynecological surgery
Laparoscopic removal of a benign tumor of the small bowel during gynecological surgery *37 (S/cas)*

H

Helical computed tomography
Pancreatic carcinoma: Applications for helical computed tomography *539 (or)*
Helical computed tomography; liver
Helical computed tomography of the liver: Techniques, applications and pitfalls *515 (or)*
Helical computed tomography; scanning principles
Pancreatic carcinoma: Applications for helical computed tomography *539 (or)*
Helicobacter heilmannii gastritis
Clinical impact of routine biopsies of the gastric antrum and body *671 (ed)*
Helicobacter pylori
Nonvariceal upper gastrointestinal bleeding: An update *91 (or)*
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Helicobacter pylori eradication therapy
Reflux esophagitis: A complication of Helicobacter pylori eradication therapy? *224 (lett)*
Helicobacter pylori gastritis
Clinical impact of routine biopsies of the gastric antrum and body *671 (ed)*
Helicobacter pylori infection
A family suffering from various gastric diseases associated with Helicobacter pylori infection *45 (S/cas)*
Helicobacter pylori prevalence
Prospective screening of dyspeptic patients by Helicobacter pylori serology: A safe policy? *595 (or)*
Helicobacter pylori serological titer
Implications of Helicobacter pylori serological titer for the histological severity of antral gastritis *27 (or)*
Helicobacter pylori serology
Prospective screening of dyspeptic patients by Helicobacter pylori serology: A safe policy? *595 (or)*
Helicobacter pylori testing
Can noninvasive Helicobacter pylori testing save endoscopy? *649 (ed)*
Hemangioma; hypopharynx
Haemangioma in the hypopharynx: Necessity to screen the larynx and hypopharynx during upper GI endoscopy *887 (lett)*
Hemangioma; submucosal esophageal
Treatment of a submucosal hemangioma of the esophagus using simultaneous video-assisted thoracoscopy and esophagoscopy: Description of a new minimally invasive technique *27 (S/cas)*
Hemangiosarcoma; gastrointestinal metastases
Upper gastrointestinal bleeding from gastrointestinal metastases of a hemangiosarcoma *46 (S/cas)*
Hematemesis
Aortoesophageal fistula of unusual location *138 (cas)*
Serial endoscopic findings of spontaneous intramural hematoma of the esophagus *44 (cas)*
Hematoma of the esophagus
Serial endoscopic findings of spontaneous intramural hematoma of the esophagus *44 (cas)*
Hemicolectomy right
Endoscopic diagnosis of postoperative ileocolonic intussusception *223 (lett)*
Hemobilia
Hemobilia: A rare complication following cholecystectomy *53 (cas)*
Hemoclipping
Endoscopic management of Dieulafoy lesions of the stomach: A case study of 26 patients *834 (or)*
Hemorrhage after polypectomy; prevention
Influence of prophylactic local administration of epinephrine on bleeding complications after polypectomy *31 (shC)*
Hemorrhoidal rubber bands
Reloading a variceal rubber band ligator with hemorrhoidal bands: An inexpensive and effective method *233 (cas)*
Hemostasis; endoscopic
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Hemostasis; peptic ulcer bleeding
Comparison of the hemostatic effect of endoscopic injection with fibrin glue and hypertonic saline-epinephrine for peptic ulcer bleeding: A prospective randomized trial *827 (or)*
Hemostasis with clips
Hemostasis by capping bleeding diverticulum of the colon with clips *33 (S/cas)*
Hepatic artery; traumatic pseudo-aneurysm
Hemobilia: A rare complication following cholecystectomy *53 (cas)*
Hepatic contrast enhancement
Helical computed tomography of the liver: Techniques, applications and pitfalls *515 (or)*
Hepatic metastases: Computed tomography versus magnetic resonance imaging in 1997 *524 (or)*
Hepatic hilar stricture
The management of high-grade hilar strictures by endoscopic insertion of self-expanding metal endoprostheses *10 (or)*
Hepatitis C; endoscopic transmission
ESGE guidelines for the prevention of endoscopic transmission of type C hepatitis and update on Creutzfeldt-Jacob disease *203 (guid)*
Transmission of hepatitis C and prion diseases through digestive endoscopy: Evaluation of risk and recommended practices *199 (or)*
Hepatobiliary surgery; complications
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Hepatocellular carcinoma; early detection
Early detection of recurrent hepatocellular carcinoma by endosonographically guided fine-needle aspiration biopsy *322 (cas)*
Heterotopic gastric mucosa
Heterotopic gastric mucosa in the upper esophagus: A prospective study of 33 cases and review of literature *710 (or)*
High-dose helical CT
Helical computed tomography of the liver: Techniques, applications and pitfalls *515 (or)*
Histoacryl injection; complication
An unusual complication of histoacryl injection *140 (cas)*
HIV infection
Tuberculous bronchoesophageal fistula in a patient infected with the HIV virus *146 (cas)*
Hypertonic saline-epinephrine
Comparison of the hemostatic effect of endoscopic injection with fibrin glue and hypertonic saline-epinephrine for peptic ulcer bleeding: A prospective randomized trial *827 (or)*
Hypervascular tumor
A case of Brunner's gland hyperplasia: Endoscopic color Doppler ultrasonographic findings *51 (cas)*
Hypopharyngeal hemangioma
Haemangioma in the hypopharynx: Necessity to screen the larynx and hypopharynx during upper GI endoscopy *887 (lett)*

I

Ileal microadenomas
Ileal microadenomas in familial adenomatous polyposis: Observation under magnifying colonoscopy *52 (S/cas)*
Ileocolonic anastomosis; intussusception
Endoscopic diagnosis of postoperative ileocolonic intussusception *223 (lett)*
Ileocolonic intussusception
Endoscopic diagnosis of postoperative ileocolonic intussusception *223 (lett)*
Immune reactions
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Immunology
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Inflammation
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Inflammatory bowel disease
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Infrared electronic endoscopy
DDW congress report 1997 Washington *760 (rep)*
Instrumentation
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Interferon-(2b
Development of sclerosing cholangitis during long-term interferon-alpha-2b therapy *58 (S/cas)*
Internet
Endoscopy informations online: Can endoscopist close the gap between what is known and what they do? *871 (ed)*
Intestinal hemorrhage
Lower intestinal hemorrhage due to a dislodged metallic stent *407 (cas)*
Intestinal motility
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Intestinal obstruction
The true yield of the small-intestinal barium study *447 (or)*
Intraductal ultrasonography
Limitations of intraductal ultrasonography in differentiating between bile duct cancer in stage T1 and stage T2: In-vitro- und In-vivo studies *721 (or)*
Intraductal ultrasonography of the pancreas
Intraductal ultrasonography of the pancreas: Development and clinical potential *561 (or)*
Intramural pseudodiverticulosis; esophagus
Diffuse intramural pseudodiverticulosis *146 (cas)*
Intramural pseudodiverticulosis of the esophagus: A case series *109 (shC)*
Intussusception; grading system
Dynamic rectal examination: Its significant clinical value *462 (or)*
Intussusception; ileocolonic
Endoscopic diagnosis of postoperative ileocolonic intussusception *223 (lett)*
Ischemic intestinal lesion by phlebosclerosis
A case of phlebosclerotic ischemic colitis: A distinct entity *334 (cas)*
Ischemic jejunal stenosis; postoperative
Postoperative ischemic jejunal stenosis treated with balloon catheter dilation and Wallstent implantation *409 (cas)*

J

Jaundice
Suprapapillary fistulosphincterotomy at ERCP: A prospective study *266 (or)*
Jejunal biopsy
Endoscopy-assisted placement of a Crosby capsule by a new method: Results of a preliminary study *139 (cas)*
Jejunal stenosis
Postoperative ischemic jejunal stenosis treated with balloon catheter dilation and Wallstent implantation *409 (cas)*
Jejunostomy tube
Successful retrograde dilation and oesophageal conservation after failed antegrade management of a reflux stricture *141 (cas)*
Journées francophones de pathologie digestive
Journées francophones de pathologie digestive, Strasbourg 15-19 March 1997 *3 (S/ab)*
Juvenile polyposis; endoscopic ultrasonography
Endoscopic ultrasonography in the evaluation of gastric polyps in juvenile polyposis *136 (cas)*

K

Kaplan-Meier analysis
A prospective randomized trial of sclerotherapy versus ligation in the elective treatment of bleeding esophageal varices *235 (or)*
Kaposi's sarcoma; gastrointestinal
Extracorporeal bypassing of a partial obstruction of the afferent loop by percutaneous endoscopic jejunostomy and gastrostomy *142 (cas)*
Klatskin tumor
Clinical significance of magnetic resonance cholangiopancreatography (MRCP) compared to endoscopic retrograde cholangiopancretography (ERCP) *182 (or)*
Knot tying
Endoscopic sewing and stapling machines *205 (or)*
Kuru
Prion diseases (transmissible spongiform encephalopathies): A review *584 (rev)*

L

Laparoscopic adrenalectomy
Laparoscopic adrenalectomy: History, indications, and current techniques for a minimally invasive approach to adrenal pathology *309 (or)*
Laparoscopic antireflux surgery
Current status and trends in laparoscopic antireflux surgery: Results of a consensus meeting *298 (or)*
Laparoscopic cecoplication
Laparoscopic cecoplication for mobile cecum *227 (cas)*
Laparoscopic cholecystectomy
Laparoscopic cholecystectomy is a safe procedure for the treatment of porcelaine gallbladder *225 (cas)*
Laparoscopic cholecystectomy; complication
Clip migration within the common duct after laparoscopic cholecystectomy: A case of transient acute pancreatitis in the absence of associated stones *59 (S/cas)*
Endoscopic therapy of complications following laparoscopic cholecystectomy: How much can we expect? *389 (ed)*
Pneumatosis cystoides coli: An unreported complication of laparoscopic cholecystectomy *51 (S/cas)*
What role can endoscopy play in the management of biliary complications after laparoscopic cholecystectomy? *341 (or)*
Laparoscopic cholecystectomy; endoclip migration
Duodenal endoclip migration after laparoscopic cholecystectomy: Report of a case *339 (cas)*
Laparoscopic cholecystectomy; pediatric patient
Laparoscopic cholecystectomy in pediatric patients *47 (lett)*
Laparoscopic cholecystectomy; preoperative diagnostic
A prospective evaluation of the diagnostic work-up before laparoscopic cholecystectomy *602 (or)*
Laparoscopic cholecystectomy; two-port technique
Two-port technique for laparoscopic cholecystectomy using a microendoscope *43 (S/cas)*
Laparoscopic common bile duct exploration
Laparoscopic common bile duct exploration after failed endoscopic stone extraction *609 (or)*
Laparoscopic management; cholecystogastric fistula
Laparoscopic management of cholecystogastric fistula *226 (cas)*

Laparoscopic partial cystectomy
Laparoscopic partial cystectomy for post-traumatic splenic pseudocyst *41 (S/cas)*
Laparoscopic resection; mesenteric cyst
Laparoscopic resection of a mesenteric (mesothelial) cyst *59 (cas)*
Laparoscopic resection of the gastric wall; double-lifting m
Endoscopy-assisted laparoscopic resection of the gastric wall facilitated by a double-lifting method *227 (cas)*
Laparoscopic ultrasonography
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Laparoscopic-assisted endoscopic tumor resection
Laparoscopy-assisted endoscopic removal of a stromal-cell tumor of the stomach *679 (cas)*
Laparoscopy
DDW congress report 1997 Washington *760 (rep)*
Laparoscopic removal of a benign tumor of the small bowel during gynecological surgery *37 (S/cas)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Laser light fractionation
Enhanced effectiveness of photodynamics therapy with laser light fractionation in patients with esophageal cancer *275 (shC)*
Laser therapy
Nonsurgical treatment of esophageal perforations after endoscopic palliation in advanced esophageal cancer *155 (or)*
Laser therapy; esophageal carcinoma
Enhanced effectiveness of photodynamics therapy with laser light fractionation in patients with esophageal cancer *275 (shC)*
Laser-induced thermotherapy
Magnetic resonance imaging-guided abdominal interventional radiology: Laser-induced thermotherapy of liver metastases *577 (or)*
Leiomyoma; esophagus
Coexistence of superficial esophageal carcinoma and leiomyoma: Case report of an endoscopic resection *683 (cas)*
Endoscopic resection of gastrointestinal tumors: How far can the endoscopist go? *192 (ed)*
Leukemic infiltration; colon
A minute erosion representing leukemic infiltration in the colon *55 (cas)*
Light-induced fluorescence spectroscopy
DDW congress report 1997 Washington *760 (rep)*
Lipoma
Computed tomographic colonography (virtual colonoscopy): A new method for detecting colorectal neoplasms *454 (or)*
Lipoma; esophageal
Endoscopic resection indicated for double-pedunculated esophageal lipoma *131 (cas)*
Lithotripsy; endoscopic
Endoscopic treatment of gastric outlet obstruction caused by a gallstone (Bouveret's syndrome) after extracorporeal shock-wave lithotripsy *319 (cas)*
Lithotripsy; mechanical
Management of traction wire fracture complicating mechanical basket lithotripsy *883 (cas)*
Lithotripsy basket; impacted; extraction
Retrieval of an impacted mechanical lithotripsy basket *128 (lett)*
Liver
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Liver; helical computed tomography
Helical computed tomography of the liver: Techniques, applications and pitfalls *515 (or)*
Liver; magnetic resonance imaging
Hepatic magnetic resonance imaging: New techniques and contrast agents *504 (or)*
Liver cirrhosis
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Liver metastasis
Helical computed tomography of the liver: Techniques, applications and pitfalls *515 (or)*
Hepatic magnetic resonance imaging: New techniques and contrast agents *504 (or)*
Hepatic metastases: Computed tomography versus magnetic resonance imaging in 1997 *524 (or)*
Liver metastasis; laser-induced thermotherapy
Magnetic resonance imaging-guided abdominal interventional radiology: Laser-induced thermotherapy of liver metastases *577 (or)*
Lobectomy
A case of simultaneous esophageal and pulmonary cancer treated by endoscopic mucosectomy and lobectomy using video-assisted minimal thoracotomy *39 (S/cas)*
Lower intestinal hemorrhage
Lower intestinal hemorrhage due to a dislodged metallic stent *407 (cas)*
Lung cancer
A case of simultaneous esophageal and pulmonary cancer treated by endoscopic mucosectomy and lobectomy using video-assisted minimal thoracotomy *39 (S/cas)*
Lymphangioma; colon
Endoscopic removal of a lymphangioma of the colon: Case report of the diagnostic value of an endoscopic ultrasound probe *32 (S/cas)*
Lymphnode metastases
Endoscopic ultrasonography: A promising method for assessing the prospects of endoscopic mucosal resection in early gastric cancer *614 (or)*
Lymphocytic gastritis
Clinical impact of routine biopsies of the gastric antrum and body *671 (ed)*

M

Magnetic resonance angiography
Magnetic resonance angiography of the visceral arteries: Techniques and current applications *496 (or)*
Magnetic resonance imaging; endoscopic
Endoscopic magnetic resonance imaging at variable coil orientation *336 (cas)*
Magnetic resonance imaging; esophageal intramural pseudodive
Intramural pseudodiverticulosis of the esophagus: A case series *109 (shC)*
Magnetic resonance imaging; liver
Hepatic magnetic resonance imaging: New techniques and contrast agents *504 (or)*
Magnetic resonance imaging; liver metastases
Hepatic metastases: Computed tomography versus magnetic resonance imaging in 1997 *524 (or)*
Magnetic resonance imaging; three-dimensional
Hepatic magnetic resonance imaging: New techniques and contrast agents *504 (or)*
Magnetic resonance pancreatography
Magnetic resonance pancreatography *487 (or)*
Malabsorption syndrome
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Malignant lymphoma; stomach
Simultaneous adenocarcinoma and malignant lymphoma of the stomach *134 (cas)*
MALT lymphoma
Diffuse involvement of the gastrointestinal tract with MALT lymphoma *37 (S/cas)*
Mean anxiety score
Development and evaluation of written patient information for endoscopic procedure *23 (or)*
Mechanical basket lithotripsy; traction wire fracture
Management of traction wire fracture complicating mechanical basket lithotripsy *883 (cas)*
Meckel's diverticulum
The true yield of the small-intestinal barium study *447 (or)*
Medication; gastrointestinal bleeding
Nonvariceal upper gastrointestinal bleeding: An update *91 (or)*
MEDLINE
Endoscopy informations online: Can endoscopist close the gap between what is known and what they do? *871 (ed)*
Melanoma; malignant; anorectal
Endoscopic appearance of primary anorectal melanoma *230 (cas)*

Melanoma; malignant; histological appearance
Endoscopic appearance of primary anorectal melanoma *230 (cas)*
Mesenteric ischemia; acute
Magnetic resonance angiography of the visceral arteries: Techniques and current applications *496 (or)*
Mesenteric ischemia; chronic
Magnetic resonance angiography of the visceral arteries: Techniques and current applications *496 (or)*
Mesenteric cyst; laparoscopic resection
Laparoscopic resection of a mesenteric (mesothelial) cyst *59 (cas)*
Mesothelial cyst; laparoscopic resection
Laparoscopic resection of a mesenteric (mesothelial) cyst *59 (cas)*
Metal stent
The management of high-grade hilar strictures by endoscopic insertion of self-expanding metal endoprostheses *10 (or)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Metal stent; expandable
Preliminary experience with a new ultraviolet-cured expandable plastic endoprosthesis in the management of malignant esophageal strictures *188 (shC)*
Metal stent; self-expanding
Comparison between esophageal Wallstent and ultraflex stents in the treatment of malignant stenoses of the esophagus and cardia *149 (or)*
Improving results of esophageal stenting: A study on 160 consecutive unselected patients *701 (or)*
Self-expanding metal stents for palliation of stenosing tumors of the esophagus and cardia: A critical review *392 (or)*
Stent-in-tube: Self-expanding metal stent in the management of a partially eroded Atkinson's oesophageal prosthesis *25 (S/cas)*
Metallic foreign body
Endoscopic removal of a large gastric metallic watch with a polypectomy snare loop *55 (S/cas)*
Metallic stent; dislodged
Lower intestinal hemorrhage due to a dislodged metallic stent *407 (cas)*
Microadenomas; ileal
Ileal microadenomas in familial adenomatous polyposis: Observation under magnifying colonoscopy *52 (S/cas)*
Microbiology
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Microcalculi; common bile duct
Microcalculi ot the common bile duct; A misdiagnosed problem *222 (lett)*
Microcholedocholithiasis
Microcalculi ot the common bile duct; A misdiagnosed problem *222 (lett)*
Microendoscope
Two-port technique for laparoscopic cholecystectomy using a microendoscope *43 (S/cas)*
Minimal invasive surgery
Current status and trends in laparoscopic antireflux surgery: Results of a consensus meeting *298 (or)*
Laparoscopic adrenalectomy: History, indications, and current techniques for a minimally invasive approach to adrenal pathology *309 (or)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Minimal thoracotomy
A case of simultaneous esophageal and pulmonary cancer treated by endoscopic mucosectomy and lobectomy using video-assisted minimal thoracotomy *39 (S/cas)*
Minimally invasive surgery
DDW congress report 1997 Washington *760 (rep)*
Miniprobes
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Minute erosion; sigmoid colon
A minute erosion representing leukemic infiltration in the colon *55 (cas)*
Mobile cecum
Laparoscopic cecoplication for mobile cecum *227 (cas)*
Monitoring
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
MRCP
Clinical significance of magnetic resonance cholangiopancreatography (MRCP) compared to endoscopic retrograde cholangiopancretography (ERCP) *182 (or)*
DDW congress report 1997 Washington *760 (rep)*
Hepatic magnetic resonance imaging: New techniques and contrast agents *504 (or)*
Magnetic resonance cholangiopancreatography *472 (or)*
Magnetic resonance pancreatography *487 (or)*
Value of magnetic-resonance cholangiopancreatography (MRCP) after unsuccessful endoscopic-retrograde cholangiopancreatography (ERCP) *741 (shC)*
Which test for common bile duct stones? Magnetic resonance cholangiopancreatography *666 (ed)*
Mucinous ductal ectasia; pancreatic duct
The value of pancreatoscopy in patients with mucinous ductal ectasia *315 (cas)*
Mucosal bridging
Colonic mucosal sieve: An unusual endoscopic finding *52 (cas)*
Mucosal neoplastic disease
Endoscopic resection of gastrointestinal tumors: How far can the endoscopist go? *192 (ed)*
Mucosal pseudolipomatosis
A case of colonic pseudolipomatosis: A rare complication of colonoscopy? *325 (cas)*
Mucosectomy; endoscopic
A case of simultaneous esophageal and pulmonary cancer treated by endoscopic mucosectomy and lobectomy using video-assisted minimal thoracotomy *39 (S/cas)*
Multiple biliary endoprostheses
A new time-saving technique of inserting multiple biliary endoprostheses without fluoroscopy *58 (cas)*
Multipurpose tube
A new multipurpose tube for esophageal endoscopy *26 (S/cas)*
Muscularis mucosae; esophagus
In-vitro endosonographic appearance of muscularis mucosae of the esophagus *49 (S/cas)*

N

N-butyl-2-cyanoacrylate
Is sclerotherapy out? *283 (ed)*
Needleknife precut sphincterotomy; indication
Needleknife precut sphincterotomy: The devil is in the indications *888 (lett)*
Nikolsky's sign
Esophageal Nikolsky's sign in pemphigus vulgaris *35 (S/cas)*
Nissen fundoplication
Current status and trends in laparoscopic antireflux surgery: Results of a consensus meeting *298 (or)*
Nitinol stent; self-expandible
Nitinol self-expanding stents: When severe twisting occurs, self-expansion may ensue after a waiting period *211 (cas)*
Nitinol stent; self-expanding
A severe complication of the new self-expanding spiral nitinol biliary stent *413 (cas)*
Nitrous oxide/oxygen inhalation; patient-administered
Immediate recovery of psychomotor function after patient-administered nitrous oxide/oxygen inhalation for colonoscopy *17 (or)*
Non-ulcer dyspepsia
Implications of Helicobacter pylori serological titer for the histological severity of antral gastritis *27 (or)*
Nutrition
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*

O

Odditis
Magnetic resonance cholangiopancreatography *472 (or)*
Oncology
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*

Open-access endoscopy unit
Comment on Gonvers, -„Appropriateness and diagnostic yield of upper gastrointestinal endoscopy" *430 (lett)*
Response to comments by Minoli and Prada *431 (lett)*
Optical coherence tomography
DDW congress report 1997 Washington *760 (rep)*
Oral videoenteroscopy
Usefulness of oral video push enteroscopy in Crohn's disease *745 (shC)*
Oxygen saturation
Arterial oxygen desaturation following sedated endoscopic examination *689 (lett)*
Magnetic resonance angiography of the visceral arteries: Techniques and current applications *496 (or)*

P

Palliation; metal stents
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Pancreas
Magnetic resonance cholangiopancreatography *472 (or)*
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Pancreas; intraductal ultrasonography
Intraductal ultrasonography of the pancreas: Development and clinical potential *561 (or)*
Pancreatic carcinoma
Magnetic resonance cholangiopancreatography *472 (or)*
Magnetic resonance pancreatography *487 (or)*
Pancreatic carcinoma: Applications for helical computed tomography *539 (or)*
Pancreatic carcinoma; differential diagnosis
Pancreatic carcinoma: Applications for helical computed tomography *539 (or)*
Pancreatic carcinoma; ultrasonography; endoscopic
Endoscopic ultrasound-guided fine-needle aspiration of malignant pancreatic lesions *854 (or)*
Pancreatic duct
Magnetic resonance pancreatography *487 (or)*
Pancreatic duct ascaris migration
Acute pancreatitis due to pancreatic duct ascaris migration after pancreatic sphincterotomy and pancreatic stent placement *53 (S/cas)*
Pancreatic head cancer
Three-dimensional intraductal ultrasonography: Preliminary results of a new technique for the diagnosis of diseases of the pancreatobiliary system *726 (or)*
Pancreatic head carcinoma
Clinical significance of magnetic resonance cholangiopancreatography (MRCP) compared to endoscopic retrograde cholangiopancretography (ERCP) *182 (or)*
Hepatic magnetic resonance imaging: New techniques and contrast agents *504 (or)*
Pancreatic lesion; indurated
Endosonography-guided fine-needle biopsy of indurated pancreatic lesions using an automated biopsy device *384 (shC)*
Pancreatic lesion; malignant; fine needle aspiration
Endoscopic ultrasound guided fine needle aspiration of malignant pancreatic lesions *854 (or)*
Pancreatic pseudocyst drainage; endoscopic
Endoscopic drainage of pancreatic pseudocysts guided by endosonography *106 (or)*
Endoscopically performed cystoduodenal drainage of a pancreatic pseudocyst after Billroth II gastrojejunostomy: A case report *30 (S/cas)*
Pancreatic sphincter hypertension
Pancreatic sphincter hypertension increases the risk of post-ERCP pancreatitis *252 (or)*
Pancreatic sphincterotomy
Acute pancreatitis due to pancreatic duct ascaris migration after pancreatic sphincterotomy and pancreatic stent placement *53 (S/cas)*
Pancreatic stent placement
Acute pancreatitis due to pancreatic duct ascaris migration after pancreatic sphincterotomy and pancreatic stent placement *53 (S/cas)*
Pancreatic stone; ESWL
Successful extracorporeal shock-wave lithotripsy for a single pancreatic stone located outside of an undilated main pancreatic duct *38 (S/cas)*
Pancreatic trauma
Magnetic resonance pancreatography *487 (or)*
Pancreatic tumor
Diagnostic strategies for extrahepatic cholestasis of indefinite origin: Endoscopic ultrasonography or retrograde cholangiography? Results of a prospective study *349 (or)*
Endoscopic management of food-filled duodenal diverticulum mimicking a pancreatic tumour *29 (S/cas)*
Pancreatitis; acute
Acute pancreatitis due to pancreatic duct ascaris migration after pancreatic sphincterotomy and pancreatic stent placement *53 (S/cas)*
Clip migration within the common duct after laparoscopic cholecystectomy: A case of transient acute pancreatitis in the absence of associated stones *59 (S/cas)*
Magnetic resonance cholangiopancreatography *472 (or)*
Magnetic resonance pancreatography *487 (or)*
Pancreatic carcinoma: Applications for helical computed tomography *539 (or)*
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Suprapapillary fistulosphincterotomy at ERCP: A prospective study *266 (or)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Which test for common bile duct stones? Endoscopic and intraductal ultrasonography *655 (ed)*
Pancreatitis; acute; in pregnancy
Endoscopic sphincterotomy in pregnancy *52 (cas)*
Pancreatitis; chronic
Magnetic resonance cholangiopancreatography *472 (or)*
Magnetic resonance pancreatography *487 (or)*
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Pancreatitis; ERCP-induced
Diagnosis and prevention of post-ERCP pancreatitis *285 (ed)*
Pancreatic sphincter hypertension increases the risk of post-ERCP pancreatitis *252 (or)*
Urinary trypsinogen-2 test strip in detecting ERCP-induced pancreatitis *247 (or)*
Pancreatitis; experimental
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Pancreatitis; recurrent
Botulinum toxin injection as a diagnostic tool for verification of sphincter of Oddi dysfunction causing recurrent pancreatitis *120 (cas)*
Pancreato-biliary disorder
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Pancreatobiliary system
Three-dimensional intraductal ultrasonography: Preliminary results of a new technique for the diagnosis of diseases of the pancreatobiliary system *726 (or)*
Pancreato-biliary tract; endoscopic ultrasonography
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Pancreatography
The value of pancreatoscopy in patients with mucinous ductal ectasia *315 (cas)*
Pancreatoscopy
The value of pancreatoscopy in patients with mucinous ductal ectasia *315 (cas)*
Papilla of Vater; ERCP
Endoscopic access to the papilla of Vater for endoscopic retrograde cholangiopancreatography in patients with Billroth II or Roux-en-Y gastrojejunostomy *69 (or)*

Papillotomy; endoscopic
Endoscopic sphincterotomy for choledocholithiasis: A prospective single-center study on the short-term and log-term treatment results in 483 patients *258 (or)*
Pathologie digestive
Journées francophones de pathologie digestive, Strasbourg 15-19 March 1997 *3 (S/ab)*
Patient information
Development and evaluation of written patient information for endoscopic procedure *23 (or)*
Pediatric endoscopy
DDW congress report 1997 Washington *760 (rep)*
Pemphigus vulgaris
Esophageal Nikolsky's sign in pemphigus vulgaris *35 (S/cas)*
Peptic ulcer bleeding; endoscopic injection therapy
Comparison of the hemostatic effect of endoscopic injection with fibrin glue and hypertonic saline-epinephrine for peptic ulcer bleeding: A prospective randomized trial *827 (or)*
Percutaneous biliary drainage
Interventional radiology of the biliary tract *570 (or)*
Percutaneous cholecystostomy
Interventional radiology of the biliary tract *570 (or)*
Percutaneous endoscopic gastrostomy
Extracorporeal bypassing of a partial obstruction of the afferent loop by percutaneous endoscopic jejunostomy and gastrostomy *142 (cas)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Percutaneous endoscopic jejunostomy
Extracorporeal bypassing of a partial obstruction of the afferent loop by percutaneous endoscopic jejunostomy and gastrostomy *142 (cas)*
Percutaneous gastrostomy
Percutaneous fixation of the stomach to the abdominal wall in patients with percutaneous gastrostomy *48 (S/cas)*
Pharyngeal dysfunction
Dynamic radiology of swallowing disorder *439 (or)*
Phlebosclerotic ischemic colitis
A case of phlebosclerotic ischemic colitis: A distinct entity *334 (cas)*
Photodynamic therapy
Photodynamic therapy for the treatment of tumor ingrowth in expandable esophageal stents *271 (shC)*
Photodynamic therapy; esophageal carcinoma
Enhanced effectiveness of photodynamics therapy with laser light fractionation in patients with esophageal cancer *275 (shC)*
Phytobezoar
Small-bowel obstruction during enzymatic treatment of gastric bezoar *424 (cas)*
Plastic stent; expandable; ultraviolet-cured
Preliminary experience with a new ultraviolet-cured expandable plastic endoprosthesis in the management of malignant esophageal strictures *188 (shC)*
Pneumatosis cystoides coli
Pneumatosis cystoides coli: An unreported complication of laparoscopic cholecystectomy *51 (S/cas)*
Pneumoperitoneum
Colonic perforation due to colonoscopy: A retrospective study of 48 cases *160 (or)*
Pneumoperitoneum; asymptomatic
Asymptomatic pneumoperitoneum after endoscopic treatment of pseudocysts *231 (cas)*
Pneumothorax
Tension pneumothorax complicating a perforation of a duodenal ulcer during ERCP with endoscopic sphincterotomy *332 (cas)*
Polidocanol
Treatment of bleeding esophageal varices with cyanocrylate and polidocanol, or polidocanol alone: Results of a prospective study in an unselected group of patients with cirrhosis of the liver *241 (or)*
Polyp
Computed tomographic colonography (virtual colonoscopy): A new method for detecting colorectal neoplasms *454 (or)*
Polypectomy; bleeding complication
Influence of prophylactic local administration of epinephrine on bleeding complications after polypectomy *31 (shC)*
Polypectomy; colonoscopic
Colonic perforation due to colonoscopy: A retrospective study of 48 cases *160 (or)*
Polypectomy; extracorporeal
Extracorporeal polypectomy *57 (cas)*
Polypectomy snare loop
Endoscopic removal of a large gastric metallic watch with a polypectomy snare loop *55 (S/cas)*
Polyposis; juvenile; endoscopic ultrasonography
Endoscopic ultrasonography in the evaluation of gastric polyps in juvenile polyposis *136 (cas)*
Porcelain gallbladder
Laparoscopic cholecystectomy is a safe procedure for the treatment of porcelain gallbladder *225 (cas)*
Portal hypertension
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Portal hypertension; endoscopic ultrasonography
Endoscopic ultrasonographic study of the azygos vein in patients with varices *748 (shC)*
Endoscopic ultrasonography in portal hypertension *399 (rev)*
Portal hypertension in children
Endoscopic variceal ligation using a clipping apparatus in children with portal hypertension *86 (or)*
Portal hypertensive colopathy
Portal hypertensive colopathy: A recently recognized entity *328 (lett)*
Reply to Eleftheriadis and Kotzampassi *328 (lett)*
Portal hypertensive gastropathy
Endoscopic ultrasonography in portal hypertension *399 (rev)*
Post-ERCP pancreatitis
Diagnosis and prevention of post-ERCP pancreatitis *285 (ed)*
Pancreatic sphincter hypertension increases the risk of post-ERCP pancreatitis *252 (or)*
Post-ERCP pancreatitis; prophylactic treatment
Diagnosis and prevention of post-ERCP pancreatitis *285 (ed)*
Pregnancy; endoscopic sphincterotomy
Endoscopic sphincterotomy in pregnancy *52 (cas)*
Premedication
DDW congress report 1997 Washington *760 (rep)*
Immediate recovery of psychomotor function after patient-administered nitrous oxide/oxygen inhalation for colonoscopy *17 (or)*
Prion disease; endoscopic transmission
ESGE guidelines for the prevention of endoscopic transmission of type C hepatitis and update on Creutzfeldt-Jacob disease *203 (guid)*
Transmission of hepatitis C and prion diseases through digestive endoscopy: Evaluation of risk and recommended practices *199 (or)*
Prions; sterilization procedures
Prion diseases (transmissible spongiform encephalopathies): A review *584 (rev)*
Prosthesis; colonisation
Antibiotic prophylaxis in gastrointestinal endoscopy: A report by a working party for the British Society of Gastroenterology Endoscopy Committee. Written and approved by the British Society of Gastroenterology (September 1996) *114 (guid)*
Pseudocyst
Pancreatic carcinoma: Applications for helical computed tomography *539 (or)*
Pseudocyst; endoscopic treatment
Asymptomatic pneumoperitoneum after endiscopic treatment of pseudocysts *231 (cas)*
Pseudodiverticulosis; esophagus
Intramural pseudodiverticulosis of the esophagus: A case series *109 (shC)*
Pseudodiverticulosis; intramural
Diffuse intramural pseudodiverticulosis *146 (cas)*
Pseudolipomatosis; colonic
A case of colonic pseudolipomatosis: A rare complication of colonoscopy? *325 (cas)*

Pseudopolyp
Computed tomographic colonography (virtual colonoscopy): A new method for detecting colorectal neoplasms *454 (or)*
Psychomotor function after nitrous oxide/oxygen inhalation
Immediate recovery of psychomotor function after patient-administered nitrous oxide/oxygen inhalation for colonoscopy *17 (or)*
Pulmonary embolization
An unusual complication of histoacryl injection *140 (cas)*
Pyloric spasm; postoperative
Botulinum toxin for refractory postoperative pyloric spasm *132 (cas)*

R

Radiology
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Radiology; interventional
Interventional radiology of the biliary tract *570 (or)*
Magnetic resonance imaging-guided abdominal interventional radiology: Laser-induced thermotherapy of liver metastases *577 (or)*
Reactive gastritis
Clinical impact of routine biopsies of the gastric antrum and body *671 (ed)*
Rectal carcinoid tumor; aspiration lumpectomy
Endoscopic resection of rectal carcinoid tumors using aspiration lumpectomy *34 (shC)*
Rectal carcinoid tumor; endoscopic resection
Effectiveness of local endoscopic resection of rectal carcinoid tumors *171 (or)*
Rectal carcinoma; staging
Interobserver agreement in the staging of rectal cancer using endoscopic ultrasonography *620 (or)*
Rectal foreign body
Unusual rectal foreign body: Treatment using argon-beam coagulation *230 (cas)*
Rectal mucosal biopsy
A new method of obtaining rectal mucosal biopsy during rigid sigmoidoscopy *55 (cas)*
Rectal stricture; balloon dilation
Endoscopic balloon dilation of strictures complicating solitary rectal ulcer syndrome *427 (cas)*
Rectocele
Dynamic rectal examination: Its significant clinical value *462 (or)*
Reflux esophagitis
Reflux esophagitis: A complication of Helicobacter pylori eradication therapy? *224 (lett)*
Reflux stricture; retrograde dilation
Successful retrograde dilation and oesophageal conservation after failed antegrade management of a reflux stricture *141 (cas)*
Renal failure; chronic
Nonvariceal upper gastrointestinal bleeding: An update *91 (or)*
Residual gallstone
What role can endoscopy play in the management of biliary complications after laparoscopic cholecystectomy? *341 (or)*
Rigid sigmoidoscopy
A new method of obtaining rectal mucosal biopsy during rigid sigmoidoscopy *55 (cas)*
Roux-en-Y anastomosis; endoscopic sphincterotomy
Endoscopic sphincterotomy using an S-shaped sphincterotome in patients with a Billroth II or Roux-en-Y gastrojejunostomy *74 (or)*
Roux-en-Y anastomosis; ERCP
Endoscopic access to the papilla of Vater for endoscopic retrograde cholangiopancreatography in patients with Billroth II or Roux-en-Y gastrojejunostomy *69 (or)*

S

Sclerosing cholangitis
Magnetic resonance cholangiopancreatography *472 (or)*
Sclerosing cholangitis; interferon-alpha-2b therapy
Development of sclerosing cholangitis during long-term interferon-alpha-2b therapy *58 (S/cas)*
Sclerotherapy
Endoscopic ultrasonography in portal hypertension *399 (rev)*
Is sclerotherapy out? *283 (ed)*
Sclerotherapy is out – nearly *281 (ed)*
Sedation
Immediate recovery of psychomotor function after patient-administered nitrous oxide/oxygen inhalation for colonoscopy *17 (or)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Serrated adenomas
Small colorectal serrated adenomas: Endoscopic findings *1 (or)*
Sewing machines
Endoscopic sewing and stapling machines *205 (or)*
S-haped sphincterotome
Endoscopic sphincterotomy using an S-shaped sphincterotome in patients with a Billroth II or Roux-en-Y gastrojejunostomy *74 (or)*
Sigmoid volvulus
Sigmoid volvulus after diagnostic endoscopy *50 (cas)*
Sigmoidoscopy; anorectal melanoma
Endoscopic appearance of primary anorectal melanoma *230 (cas)*
Sigmoidoscopy; rigid
A new method of obtaining rectal mucosal biopsy during rigid sigmoidoscopy *55 (cas)*
Simultaneous endoscopic/radiological examination of the colon
Reply to Rabast *330 (lett)*
Simultaneous endoscopic and radiological examination of the colon *330 (lett)*
Simultaneous gastric tumors
Simultaneous adenocarcinoma and malignant lymphoma of the stomach *134 (cas)*
Single-stitch hollow-needle sewing machines
Endoscopic sewing and stapling machines *205 (or)*
Single-stitch machine using thread
Endoscopic sewing and stapling machines *205 (or)*
Sludge
Diagnosing extrahepatic bile duct stones using intraductal ultrasonography: A case series *356 (or)*
Small-bowel endoscopy
DDW congress report 1997 Washington *760 (rep)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Small-bowel obstruction
Small-bowel obstruction during enzymatic treatment of gastric bezoar *424 (cas)*
Small-bowel tumor; benign
Laparoscopic removal of a benign tumor of the small bowel during gynecological surgery *37 (S/cas)*
Small-intestinal amyloidosis
Endoscopic diagnosis of small intestinal amyloidosis *57 (S/cas)*
Small-intestinal barium study
The true yield of the small-intestinal barium study *447 (or)*
Snare mucosectomy; early esophageal cancer
Endoscopic snare mucosectomy in the esophagus without any additional equipment: A simple technique for resection of flat early cancer *380 (shC)*
Soehendra stent remover
Dilation of severe malignant biliary stenosis using the Soehendra stent remover *50 (S/cas)*
Solitary rectal ulcer syndrome
Endoscopic balloon dilation of strictures complicating solitary rectal ulcer syndrome *427 (cas)*
Spastic pelvic floor syndrome
Dynamic rectal examination: Its significant clinical value *462 (or)*
Sphincteroclasy; endoscopic
Endoscopic sphincteroclasy: A useful therapeutic tool for biliary endoscopy in Billroth II gastrectomy patients *79 (or)*
Sphincter-Oddi dysfunction
Botulinum toxin injection as a diagnostic tool for verification of sphincter of Oddi dysfunction causing recurrent pancreatitis *120 (cas)*

Sphincter-Oddi-manometry
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Sphincterotome
Endoscopic sphincterotomy using an S-shaped sphincterotome in patients with a Billroth II or Roux-en-Y gastrojejunostomy *74 (or)*
Sphincterotomy
Complications of endoscopic biliary sphincterotomy: A review *288 (rev)*
Retrieval of an impacted mechanical lithotripsy basket *128 (lett)*
Sphincterotomy; endoscopic
Endoscopic retrograde cholangiopancreatography and needle-knife sphincterotomy in patients with Billroth II gastrectomy: A comparative study of the forward-viewing endoscope and the side-viewing duodenoscope *82 (or)*
Endoscopic sphincterotomy for choledocholithiasis: A prospective single-center study on the short-term and long-term treatment results in 483 patients *258 (or)*
Endoscopic sphincterotomy using an S-shaped sphincterotomy in patients with a Billroth II or Roux-en-Y gastrojejunostomy *74 (or)*
Endoscopic sphincterotomy without image intensification *886 (lett)*
Reply to Misra and Dwivedi *887 (lett)*
Sphincterotomy; endoscopic; complications
Complications of endoscopic biliary sphincterotomy: A review *288 (rev)*
Tension pneumothorax complicating a perforation of a duodenal ulcer during ERCP with endoscopic sphincterotomy *332 (cas)*
Sphincterotomy; endoscopic; in children
Laparoscopic cholecystectomy in pediatric patients *47 (lett)*
Sphincterotomy; endoscopic; indication
Endoscopic sphincterotomy for choledocholithiasis: A prospective single-center study on the short-term and log-term treatment results in 483 patients *258 (or)*
Sphincterotomy; endoscopic; in pregnancy
Endoscopic sphincterotomy in pregnancy *52 (cas)*
Spiral nitinol biliary stent
A severe complication of the new self-expanding spiral nitinol biliary stent *413 (cas)*
Spleen; ectopic
Upper gastrointestinal hemorrhage secondary to ectopic spleen *56 (cas)*
Splenic pseudocyst; post-traumatic
Laparoscopic partial cystectomy for post-traumatic splenic pseudocyst *41 (S/cas)*
Splenorenal collaterals
Endoscopic ultrasonography in portal hypertension *399 (rev)*
Spongiform encephalopathy; transmissible
Prion diseases (transmissible spongiform encephalopathies): A review *584 (rev)*
Stapling machines
Endoscopic sewing and stapling machines *205 (or)*
Stent; intratumoral
A new option in the treatment of complete and acute obstruction due to colorectal cancer *229 (cas)*
Stent dysfunction
Nitinol self-expanding stents: When severe twisting occurs, self-expansion may ensue after a waiting period *211 (cas)*
Stent insertion; endoscopic
The management of high-grade hilar strictures by endoscopic insertion of self-expanding metal endoprostheses *10 (or)*
Stent migration
A severe complication of the new self-expanding spiral nitinol biliary stent *413 (cas)*
Stenting
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Stent-in-tube
Stent-in-tube: Self-expanding metal stent in the management of a partially eroded Atkinson's oesophageal prosthesis *25 (S/cas)*
Sterilization procedures for prions
Prion diseases (transmissible spongiform encephalopathies): A review *584 (rev)*
Steroid injection; miniprobe guidance
Endoscopic ultrasound miniprobe-guided steroid injection for treatment of refractory esophageal strictures *757 (cas)*
Stimulated biliary drainage
Symptom resolution or relief after cholecystectomy correlates strongly with positive combined endoscopic ultrasound and stimulated biliary drainage *646 (shC)*
Stomach; Endoscopic Ultrasonography
Endoscopic ultrasonography: A promising method for assessing the prospects of endoscopic mucosal resection in early gastric cancer *614 (or)*
Stomach; foreign body
Endoscopic removal of a large gastric metallic watch with a polypectomy snare loop *55 (S/cas)*
Stomach; percutaneous fixation
Percutaneous fixation of the stomach to the abdominal wall in patients with percutaneous gastrostomy *48 (S/cas)*
Stricture dilation
Endoscopic therapy of benign anastomotic strictures of the colorectal region by electroincision and balloon dilation *845 (or)*
Submucosal tumor
Endosonographic features of esophageal granular cell tumors *850 (or)*
Submucosal tumor; esophagus
Endoscopic resection of gastrointestinal tumors: How far can the endoscopist go? *192 (ed)*
Endoscopic resection of submucosal tumor of the esophagus: Results in 62 patients *165 (or)*
Submucosal tumor; gastric
Benign gastric ulcer masquerading as a submucosal tumor *331 (cas)*
Superficial esophageal carcinoma
Superficial esophageal carcinoma arising from the diverticulum of the esophagus *53 (S/cas)*
Supermagnetic iron oxide
Hepatic magnetic resonance imaging: New techniques and contrast agents *504 (or)*
Suprapapillary fistulosphincterotomy
Suprapapillary fistulosphincterotomy at ERCP: A prospective study *266 (or)*
Surgery; controlled trials
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Swallowing disorder
Dynamic radiology of swallowing disorder *439 (or)*
Sydney-Houston system
Clinical impact of routine biopsies of the gastric antrum and body *671 (ed)*

T

Teflon stent
The management of high-grade hilar strictures by endoscopic insertion of self-expanding metal endoprostheses *10 (or)*
Teicoplanin
Antibiotic prophylaxis in gastrointestinal endoscopy: A report by a working party for the British Society of Gastroenterology Endoscopy Committee. Written and approved by the British Society of Gastroenterology (September 1996) *114 (guid)*
Tension pneumothorax
Tension pneumothorax complicating a perforation of a duodenal ulcer during ERCP with endoscopic sphincterotomy *332 (cas)*
Teratoma; paraesophageal
Endosonographic diagnosis of a paraesophageal cystic teratoma *145 (cas)*
Thoracoscopy; video-assisted
Treatment of a submucosal hemangioma of the esophagus using simultaneous video-assisted thoracoscopy and esophagoscopy: Description of a new minimally invasive technique *27 (S/cas)*
Thoracotomy; minimal
A case of simultaneous esophageal and pulmonary cancer treated by endoscopic mucosectomy and lobectomy using video-assisted minimal thoracotomy *39 (S/cas)*
Thread cutting
Endoscopic sewing and stapling machines *205 (or)*
Three-dimensional helical CT angiography
Helical computed tomography of the liver: Techniques, applications and pitfalls *515 (or)*

Three-dimensional intraductal ultrasonography
Three-dimensional intraductal ultrasonography: Preliminary results of a new technique for the diagnosis of diseases of the pancreatobiliary system *726 (or)*
TIPS
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Toothpick impaction
Toothpick impaction: Treatment by colonoscopy *60 (S/cas)*
Transnasal gastroscopy
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Transnasal percutaneous endoscopic gastrostomy
Transnasal percutaneous endoscopic gastrostomy *337 (cas)*
Trypsinogen-2 in urine
Urinary trypsinogen-2 test strip in detecting ERCP-induced pancreatitis *247 (or)*
Tube; multipurpose
A new multipurpose tube for esophageal endoscopy *26 (S/cas)*
Tuberculosis; bronchoesophageal fistula
Tuberculous bronchoesophageal fistula in a patient infected with the HIV virus *146 (cas)*
Tuberculosis; esophageal perforation
Spontaneous esophageal perforation: Unusual presentation of tuberculosis *143 (cas)*
Tumor; endosonography-guided endoscopic resection
Endosonography-guided endoscopic resection of duodenal carcinoid tumor *214 (cas)*
Tumor; submucosal; esophagus
Endosonographic features of esophageal granular cell tumors *850 (or)*
Tumor; submucosal; gastric
Benign gastric ulcer masquerading as a submucosal tumor *331 (cas)*
Tumor resection; endoscopic
Effectiveness of local endoscopic resection of rectal carcinoid tumors *171 (or)*
Endoscopic resection of gastrointestinal tumors: How far can the endoscopist go? *192 (ed)*

U

Ulcer
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Ultraflex stent
Self-expanding metal stents for palliation of stenosing tumors of the esophagus and cardia: A critical review *392 (or)*
Ultrasonography; endoscopic
DDW congress report 1997 Washington *760 (rep)*
Diagnostic strategies for extrahepatic cholestasis of indefinite origin: Endoscopic ultrasonography or retrograde cholangiography? Results of a prospective study *349 (or)*
Early detection of recurrent hepatocellular carcinoma by endosonographically guided fine-needle aspiration biopsy *322 (cas)*
Endoscopic removal of a lymphangioma of the colon: Case report of the diagnostic value of an endoscopic ultrasound probe *32 (S/cas)*
Endoscopic resection of rectal carcinoid tumors using aspiration lumpectomy *34 (shC)*
Endoscopic ultrasonography for assessment of the response to combined radiation therapy and chemotherapy in patients with esophageal cancer *4 (or)*
Endoscopic ultrasonography: A promising method for assessing the prospects of endoscopic mucosal resection in early gastric cancer *614 (or)*
Interobserver agreement in the staging of rectal cancer using endoscopic ultrasonography *620 (or)*
Symptom resolution or relief after cholecystectomy correlates strongly with positive combined endoscopic ultrasound and stimulated biliary drainage *646 (shC)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Which test for common bile duct stones? Endoscopic and intraductal ultrasonography *655 (ed)*
Ultrasonography; endoscopic; bile duct stone
Diagnosing extrahepatic bile duct stones using intraductal ultrasonography: A case series *356 (or)*
Ultrasonography; endoscopic; contrast-enhanced
Contrast-enhanced endoscopic ultrasonography with galactose microparticles: SHU508 A (Levovist) *635 (shC)*
Ultrasonography; endoscopic; portal hypertension
Endoscopic ultrasonography in portal hypertension *399 (rev)*
Ultrasonography; intraductal
Limitations of intraductal ultrasonography in differentiating between bile duct cancer in stage T1 and stage T2: In-vitro- und In-vivo studies *721 (or)*
Ultrasonography; intraductal; three-dimensional
Three-dimensional intraductal ultrasonography: Preliminary results of a new technique for the diagnosis of diseases of the pancreatobiliary system *726 (or)*
Ultrasonography; laparoscopic
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Ultrasonography; transabdominal; detection of adrenal glands
Detection of the adrenal glands by endoscopic or transabdominal ultrasound *859 (or)*
Ultrasound
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Ultrasound contrast agent
Color doppler endosonography of esophageal varices: Signal enhancement after intravenous injection of the ultrasound contrast agent Levovist *42 (S/cas)*
Ultrasound-guided endoscopic retrograde biliary drainage
Ultrasound-guided emergency endoscopic retrograde biliary drainage without radiography *232 (cas)*
Ultraviolet-cured expandable plastic stent
Preliminary experience with a new ultraviolet-cured expandable plastic endoprosthesis in the management of malignant esophageal strictures *188 (shC)*
Upper gastrointestinal bleeding
Endoscopic management of Dieulafoy lesions of the stomach: A case study of 26 patients *834 (or)*
Upper gastrointestinal bleeding from gastrointestinal metastases of a hemangiosarcoma *46 (S/cas)*
Upper gastrointestinal hemorrhage secondary to ectopic spleen *56 (cas)*
Upper gastrointestinal bleeding; nonvariceal
Nonvariceal upper gastrointestinal bleeding: An update *91 (or)*
Upper gastrointestinal endoscopy
Comment on Gonvers, „Appropriateness and diagnostic yield of upper gastrointestinal endoscopy" *430 (lett)*
DDW congress report 1997 Washington *760 (rep)*
Endoscopies: Too many and not enough! *652 (ed)*
Response to comments by Minoli and Prada *431 (lett)*
Symptoms in patients with giardiasis undergoing upper gastrointestinal endoscopy *716 (or)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Upper gastrointestinal endoscopy; appropriateness
Comment on Gonvers, „Appropriateness and diagnostic yield of upper gastrointestinal endoscopy" *430 (lett)*
Response to comments by Minoli and Prada *431 (lett)*
Upper gastrointestinal endoscopy; patients' tolerance
A simple test for predicting patients' tolerance of upper gastrointestinal endoscopy *430 (lett)*
Upper gastrointestinal tumor
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Urinary trypsinogen-2 test strip
Urinary trypsinogen-2 test strip in detecting ERCP-induced pancreatitis *247 (or)*

V

Vancomycin
Antibiotic prophylaxis in gastrointestinal endoscopy: A report by a working party for the British Society of Gastroenterology Endoscopy Committee. Written and approved by the British Society of Gastroenterology (September 1996) *114 (guid)*
Variceal bleeding
Is sclerotherapy out? *283 (ed)*
Sclerotherapy is out – nearly *281 (ed)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Variceal ligation
Is sclerotherapy out? *283 (ed)*
A prospective randomized trial of sclerotherapy versus ligation in the elective treatment of bleeding esophageal verices *235 (or)*
Sclerotherapy is out – nearly *281 (ed)*
Variceal ligation; endoscopic
Endoscopic treatment for a gash in the esophagus caused when inserting the overtube during esophageal variceal ligation *44 (S/cas)*
Variceal ligation; endoscopic; children
Endoscopic variceal ligation using a clipping apparatus in children with portal hypertension *86 (or)*
Variceal rubber band ligator; reloading
Reloading a variceal rubber band ligator with hemorrhoidal bands: An inexpensive and effective method *233 (cas)*
Variceal sclerotherapy
A prospective randomized trial of sclerotherapy versus ligation in the elective treatment of bleeding esophageal verices *235 (or)*
Treatment of bleeding esophageal varices with cyanocrylate and polidocanol, or polidocanol alone: Results of a prospective study in an unselected group of patients with cirrhosis of the liver *241 (or)*
Varices
Endoscopic ultrasonographic study of the azygos vein in patients with varices *748 (shC)*
Vascular malformation; gastrointestinal
Argon plasma coagulation in flexible gastrointestinal endoscopy: Pilot experiences *176 (or)*
Videoenteroscopy
Usefulness of oral video push enteroscopy in Crohn's disease *745 (shC)*
Villous adenoma
Argon plasma coagulation in flexible gastrointestinal endoscopy: Pilot experiences *176 (or)*
Viral hepatitis
Sixth United European gastroenterology week (Birmingham, 18–23 October 1997) *1 (E/ab)*
Virtual colonoscopy
Computed tomographic colonography (virtual colonoscopy): A new method for detecting colorectal neoplasms *454 (or)*
UEGW 1997: Overview of endoscopic abstracts *692 (or)*
Virtual computed tomography gastroscopy
Virtual computed tomography gastroscopy: A new technique *632 (shC)*
Visceral arteries; magnetic resonance angiography
Magnetic resonance angiography of the visceral arteries: Techniques and current applications *496 (or)*
Visceral blood flow
Magnetic resonance angiography of the visceral arteries: Techniques and current applications *496 (or)*
Visible vessel
The visible vessel on the bleeding gastric ulcer: An endoscopic-pathological study *821 (or)*

W

Wallstent
Postoperative ischemic jejunal stenosis treated with balloon catheter dilation and Wallstent implantation *409 (cas)*
Self-expanding metal stents for palliation of stenosing tumors of the esophagus and cardia: A critical review *392 (or)*
Wallstent; esophageal
Comparison between esophageal Wallstent and ultraflex stents in the treatment of malignant stenoses of the esophagus and cardia *149 (or)*
Washer disinfector; automatic
Automatic washer disinfector for flexible endosopes: A new evaluation process *372 (or)*
Wound infection
Antibiotic prophylaxis in gastrointestinal endoscopy: A report by a working party for the British Society of Gastroenterology Endoscopy Committee. Written and approved by the British Society of Gastroenterology (September 1996) *114 (guid)*

Z

Zenker's diverticulum
Argon plasma coagulation in flexible gastrointestinal endoscopy: Pilot experiences *176 (or)*
Zollinger-Ellison syndrome
Intraoperative endoscopic ultrasonography in Zollinger-Ellison syndrome *754 (cas)*
